Notes to Consolidated Financial Statements
March 31, 2018
(Unaudited)

Note 1 – Basis of Presentation

Description of Business

Expedia Group, Inc. and its subsidiaries (formerly "Expedia, Inc.") provide travel products and services to leisure and corporate travelers in the United States and abroad as well as various media and advertising offerings to travel and non-travel advertisers. These travel products and services are offered through a diversified portfolio of brands including: Brand Expedia®, Hotels.com®, Expedia® Partner Solutions, Egencia®, trivago®, HomeAway®, Orbitz®, Travelocity®, Wotif®, lastminute.com.au®, ebookers®, CheapTickets®, Hotwire®, Classic Vacations®, CarRentals.com™, Expedia Local Expert®, Expedia CruiseShipCenters®, SilverRail Technologies, Inc., ALICE and Traveldoo®. In addition, many of these brands have related international points of sale, including those as part of AirAsia-Expedia™. We refer to Expedia Group, Inc. and its subsidiaries collectively as “Expedia Group,” the “Company,” “us,” “we” and “our” in these consolidated financial statements.

Basis of Presentation

These accompanying financial statements present our results of operations, financial position and cash flows on a consolidated basis. The unaudited consolidated financial statements include Expedia Group, Inc., our wholly-owned subsidiaries, and entities we control, or in which we have a variable interest and are the primary beneficiary of expected cash profits or losses. We have eliminated significant intercompany transactions and accounts.

We have prepared the accompanying unaudited consolidated financial statements in accordance with accounting principles generally accepted in the United States (“GAAP”) for interim financial reporting. We have included all adjustments necessary for a fair presentation of the results of the interim period. These adjustments consist of normal recurring items. Our interim unaudited consolidated financial statements are not necessarily indicative of results that may be expected for any other interim period or for the full year. These interim unaudited consolidated financial statements should be read in conjunction with the audited consolidated financial statements and related notes included in our Annual Report on Form 10-K for the year ended December 31, 2017, previously filed with the Securities and Exchange Commission. trivago is a separately listed company on the Nasdaq Global Select Market and, therefore is subject to its own reporting and filing requirements, which could result in possible differences that are not expected to be material to Expedia Group.

Accounting Estimates

We use estimates and assumptions in the preparation of our interim unaudited consolidated financial statements in accordance with GAAP. Our estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of our interim unaudited consolidated financial statements. These estimates and assumptions also affect the reported amount of net income or loss during any period. Our actual financial results could differ significantly from these estimates. The significant estimates underlying our interim unaudited consolidated financial statements include revenue recognition; recoverability of current and long-lived assets, intangible assets and goodwill; income and transactional taxes, such as potential settlements related to occupancy and excise taxes; loss contingencies; deferred loyalty rewards; acquisition purchase price allocations; stock-based compensation and accounting for derivative instruments.

Reclassifications

We have reclassified certain amounts related to our prior period results to conform to our current period presentation.

Seasonality

We generally experience seasonal fluctuations in the demand for our travel products and services. For example, traditional leisure travel bookings are generally the highest in the first three quarters as travelers plan and book their spring, summer and winter holiday travel. The number of bookings typically decreases in the fourth quarter. Because revenue for most of our travel products, including merchant and agency hotel, is recognized as the travel takes place rather than when it is booked, revenue typically lags bookings by several weeks for our hotel business and can be several months for our vacation rental business. Historically, HomeAway has seen seasonally stronger bookings in the first quarter of the year, with the relevant stays occurring during the peak summer travel months. The seasonal revenue impact is exacerbated with respect to income by the nature of our variable cost of revenue and direct sales and marketing costs, which we typically realize in closer alignment to booking volumes, and the more stable nature of our fixed costs. Furthermore, operating profits for our primary advertising business, trivago, have typically been experienced in the second half of the year, particularly the fourth quarter, as selling and
marketing costs offset revenue in the first half of the year as we aggressively market during the busy booking period for spring, summer and winter holiday travel. As a result on a consolidated basis, revenue and income are typically the lowest in the first quarter and highest in the third quarter. The continued growth of our international operations, advertising business or a change in our product mix, including the growth of HomeAway, may influence the typical trend of the seasonality in the future, and there may also be business or market driven dynamics that result in short-term impacts to revenue or profitability that differ from the typical seasonal trends.

Note 2 – Summary of Significant Accounting Policies

Recently Adopted Accounting Policies

Revenue from Contracts with Customers. As of January 1, 2018, we adopted the Accounting Standards Updates ("ASU") amending revenue recognition guidance using the modified retrospective method for all contracts reflecting the aggregate effect of modifications prior to the date of adoption. Results for reporting periods beginning after January 1, 2018 are presented under the new guidance, while prior period amounts were not adjusted and continue to be reported under the accounting standards in effect for those periods.

The new guidance impacted our loyalty program accounting as we are no longer permitted to use the incremental cost method when recording the financial impact of rewards earned in conjunction with our traveler loyalty programs. Instead, we re-value our liability using a relative fair value approach and now record our loyalty liability as a component of deferred merchant bookings. Additionally, due to the new definition of variable consideration, we are required to estimate and record certain variable payments, primarily volume commissions, earlier than previously recorded. Both modifications resulted in cumulative-effect adjustments to opening retained earnings, with an insignificant change to revenue on a go-forward basis. The new guidance also results in insignificant changes in the timing and classification of certain other revenue streams, including the reclassification of air distribution fees from net revenue to cost of revenue. For a comprehensive discussion of our updated revenue recognition policy, refer to the Significant Accounting Policies-Revenue Recognition disclosure below.

Upon adoption, we recognized a cumulative effect of applying the new revenue guidance as a reduction to the opening balance of retained earnings of $11 million ($8 million net of tax) comprised of changes in the accounting for our loyalty program of $49 million ($38 million net of tax) as well as other immaterial adjustments of $2 million ($1 million net of tax), partially offset by the impact of estimating variable consideration of $40 million ($31 million net of tax). The impact of the new guidance to our consolidated financial statements was not meaningful as of and for the three months ended March 31, 2018.

The cumulative effect of the revenue accounting changes made to our consolidated balance sheet as of January 1, 2018 were as follows:

Recognition and Measurement of Financial Instruments. As of January 1, 2018, we adopted the new guidance related to accounting for equity investments and financial liabilities under the fair value option. The most significant impact to the Company of this new guidance was with respect to the requirement that minority equity investments with readily determinable fair values, such as our investment in Despegar.com, Corp ("Despegar"), must be carried at fair value with changes in fair value recorded through net income. Previously, such investment was designated as available for sale and was recorded at fair value with changes in fair value recorded through other comprehensive income (loss). In addition, we elected to prospectively account for minority investments without readily determinable fair values at cost, with observable price changes reflected through net income. Upon adoption, we reclassified $7 million related to the unrealized loss, net of tax, of Despegar from
accumulated other comprehensive income (loss) (“AOCI”) with a corresponding decrease to retained earnings. See Note 3 – Fair Value Measurements for further information on Despegar as well as our minority investments without readily determinable fair values.

Statement of Cash Flows. As of January 1, 2018, we adopted the new guidance related to the statement of cash flows, which clarified how companies present and classify certain cash receipts and cash payments as well as amended previous guidance to address the classification and presentation of changes in restricted cash in the statement of cash flows. Upon adoption, we retrospectively adjusted the prior periods presented in our consolidated statement of cash flows, which resulted in a slight working capital benefit in prepaid expenses and other assets within operating activities in the three months ended March 31, 2017. Refer to the Significant Accounting Policies-Restricted Cash and Cash Equivalents section below for a reconciliation of cash, cash equivalents and restricted cash and cash equivalents reported in our consolidated balance sheets to the total shown in our consolidated statement of cash flows.

Intra-entity Transfers of Assets Other Than Inventory. As of January 1, 2018, we adopted the new guidance amending the accounting for income taxes associated with intra-entity transfers of assets other than inventory. This new guidance requires an entity to recognize the income tax consequences of an intra-entity transfer of an asset other than inventory when the transfer occurs rather than our historical practice to defer and amortize the tax consequences over a specified period of time. As a result of the adoption, we reduced retained earnings by approximately $26 million, reduced long-term investments and other assets by approximately $31 million and increased deferred tax assets by approximately $5 million related to the unrecognized income tax effects of asset transfers that occurred prior to adoption.

Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income. In February 2018, the Financial Accounting Standards Board (“FASB”) issued new guidance that allows an entity to elect to reclassify “stranded” tax effects in AOCI to retained earnings to address concerns related to accounting for certain provisions of the Tax Cuts and Jobs Act (“the Tax Act”) enacted in December 2017. The guidance is effective for annual and interim reporting periods beginning after December 15, 2018, with early adoption permitted.

We elected to early adopt the new guidance during the first quarter of 2018, which resulted in the reclassification of the income tax effect of the Tax Act from AOCI to retained earnings in order to reflect the tax effects of items within AOCI at the appropriate tax rate. As a result, we reclassified approximately $10 million as an increase in retained earnings and a reduction to AOCI as of January 1, 2018. Our policy is to release income tax effects from AOCI based on the tax effects of amounts reclassified from AOCI to pre-tax income (loss) from continuing operations. Any remaining tax effect in AOCI is released following a portfolio approach.

Definition of a Business. As of January 1, 2018, we prospectively adopted the ASU clarifying the definition of a business for determining whether transactions should be accounted for as acquisitions (or disposals) of assets or businesses. Upon adoption, the standard impacts how we assess acquisitions (or disposals) of assets or businesses.

Recent Accounting Policies Not Yet Adopted

Leases. In February 2016, the FASB issued new guidance related to accounting and reporting guidelines for leasing arrangements. The new guidance requires entities that lease assets to recognize assets and liabilities on the balance sheet related to the rights and obligations created by those leases regardless of whether they are classified as finance or operating leases. Consistent with current guidance, the recognition, measurement, and presentation of expenses and cash flows arising from a lease primarily will depend on its classification as a finance or operating lease. The guidance also requires new disclosures to help financial statement users better understand the amount, timing and uncertainty of cash flows arising from leases. This guidance is effective for annual and interim reporting periods beginning after December 15, 2018. Early adoption is permitted and should be applied using a modified retrospective approach. We are in the process of evaluating the impact of adopting this new guidance, including implementing changes to our systems and processes in conjunction with our review of existing lease agreements. We currently expect the most significant impact of this new standard will be the recognition of the right-of-use assets and operating lease liabilities on our consolidated balance sheet upon adoption as well as the related financial statement disclosures.

Hedge Accounting. In August 2017, the FASB amended the existing accounting guidance for hedge accounting. The amendments require expanded hedge accounting for both non-financial and financial risk components and refine the measurement of hedge results to better reflect an entity's hedging strategies. The new guidance also amends the presentation and disclosure requirements and changes how entities assess hedge effectiveness. The new guidance is effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2018 with early adoption permitted. The new guidance must be adopted using a modified retrospective transition with a cumulative effect adjustment recorded to opening retained earnings as of the initial adoption date. We are in the process of evaluating the impact of adopting this new guidance on our consolidated financial statements.
Measurement of Credit Losses on Financial Instruments. In June 2016, the FASB issued new guidance on the measurement of credit losses for financial assets measured at amortized cost, which includes accounts receivable, and available-for-sale debt securities. The new guidance replaces the existing incurred loss impairment model with an expected loss methodology, which will result in more timely recognition of credit losses. This update is effective for annual periods beginning after December 15, 2019, including interim periods within those annual periods. Early adoption is permitted for annual periods beginning after December 15, 2018, including interim periods within those annual periods. We are in the process of evaluating the impact of adopting this new guidance on our consolidated financial statements.

Significant Accounting Policies

Below are the significant accounting policies updated during 2018 as a result of the recently adopted accounting policies noted above. For a comprehensive description of our accounting policies, refer to our Annual Report on Form 10-K for the year ended December 31, 2017.

Revenue Recognition

We recognize revenue upon transfer of control of our promised products or services in an amount that reflects the consideration we expect to be entitled to in exchange for those products or services.

For our primary transaction-based revenue sources, discussed below, we have determined net presentation (that is, the amount billed to a traveler less the amount paid to a supplier) is appropriate for the majority of our revenue transactions as the supplier is primarily responsible for providing the underlying travel services and we do not control the service provided by the supplier prior to its transfer to the traveler.

The following table disaggregates our revenue by major source:

(1) Other includes car rental, insurance, destination services, cruise and fee revenue related to our corporate travel business, among other revenue streams, none of which are individually material.

We offer traditional travel products and services on a stand-alone and package basis generally either through the merchant or the agency business model.

Under the merchant model, we facilitate the booking of hotel rooms, airline seats, car rentals and destination services from our travel suppliers and we are the merchant of record for such bookings.

Under the agency model, we act as the agent in the transaction, passing reservations booked by the traveler to the relevant travel supplier. We receive commissions or ticketing fees from the travel supplier and/or traveler. For certain agency airline, hotel and car transactions, we also receive fees through global distribution systems ("GDS") that provide the computer systems through which the travel supplier inventory is made available and through which reservations are booked.

Under the advertising model, we offer travel and non-travel advertisers access to a potential source of incremental traffic and transactions through our various media and advertising offerings on trivago and our transaction-based websites.
Our HomeAway business facilitates vacation rental bookings and provides listing and other ancillary services to property owners and managers.

The nature of our travel booking service performance obligations vary based on the travel service with differences primarily related to the degree to which Expedia provides post booking services to the traveler and the timing when rights and obligations are triggered in our underlying supplier agreements. We consider both the traveler and travel supplier as our customers.

**Lodging.** Our lodging revenue is comprised of revenue recognized under the merchant, agency and HomeAway business models.

**Merchant Hotel.** We provide travelers access to book hotel room reservations through our contracts with lodging suppliers, which provide us with rates and availability information for rooms but for which we have no control over the rooms and do not bear inventory risk. Our travelers pay us for merchant hotel transactions prior to departing on their trip, generally when they book the reservation. We record the payment in deferred merchant bookings until the stayed night occurs, at which point we recognize the revenue, net of amounts paid to suppliers, as this is when our performance obligation is satisfied.

In certain nonrefundable, nonchangeable transactions where we have no significant post booking services (primarily opaque hotel offerings), we record revenue when the traveler completes the transaction on our website, less a reserve for chargebacks and cancellations based on historical experience. Payments to suppliers are generally due within 30 days of check-in or stay. In certain instances where a supplier invoices us for less than the cost we accrued, we generally reduce our accrued supplier payable and the supplier costs within net revenue six months in arrears, net of an allowance, when we determine it is not probable that we will be required to pay the supplier, based on historical experience. Cancellation fees are collected and remitted to the supplier, if applicable.

**Agency Hotel.** We generally record agency revenue from the hotel when the stayed night occurs as we provide post booking services to the traveler and, thus consider the stay as when our performance obligation is satisfied. We record an allowance for cancellations on this revenue based on historical experience.

**HomeAway.** HomeAway’s lodging revenue is generally earned on a pay-per-booking or pay-per-subscription basis. Pay-per-booking arrangements are commission-based where rental property owners and managers bear the inventory risk, have latitude in setting the price and compensate HomeAway for facilitating bookings with travelers. Under pay-per-booking arrangements, each booking is a separate contract as listings are typically cancelable at any time and the related revenue, net of amounts paid to property owners, is recognized at check in, which is the point in time when our service to the traveler is complete. In pay-per-subscription contracts, property owners or managers purchase in advance online advertising services related to the listing of their properties for rent over a fixed term (typically one year). As the performance obligation is the listing service and is provided to the property owner or manager over the life of the listing period, the pay-per-subscription revenue is recognized on a straight-line basis over the listing period. HomeAway also charges a traveler service fee at the time of booking. The service fee charged to travelers covers HomeAway’s services, including but not limited to the use of HomeAway’s website and a “Book with Confidence Guarantee” providing travelers with comprehensive payment protection and 24/7 traveler support. The performance obligation is to facilitate the booking of a property and assist travelers through their check in process and, as such, the traveler service fee revenue is recognized at check-in. Revenue from other ancillary vacation rental services or products are recorded either upon delivery or when we provide the service.

**Merchant and Agency Air.** We record revenue on air transactions when the traveler books the transaction, as we do not provide significant post booking services to the traveler and payments due to and from air carriers are typically due at the time of ticketing. We record a reserve for chargebacks and cancellations at the time of the transaction based on historical experience. In certain transactions, the GDS collects commissions from our suppliers and passes these commissions to us, net of their fees. Therefore, we view payments through the GDS as commissions from suppliers and record these commissions in net revenue. Fees paid to the GDS as compensation for their role in processing transactions are recorded as cost of revenue.

**Advertising and Media.** We record revenue from click-through fees charged to our travel partners for leads sent to the travel partners’ websites. We record revenue from click-through fees after the traveler makes the click-through to the related travel partners’ websites. We record revenue for advertising placements ratably over the advertising period or upon delivery of advertising impressions, depending on the terms of the contract. Payments from advertisers are generally due within 30 days of invoicing.

**Other.** Other primarily includes transaction revenue for booking services related to products such as car, cruise and destination services under the agency business model. We generally record the related revenue when the travel occurs, as in most cases we provide post booking services and this is when our performance obligation is complete. Additionally, no rights or obligations are triggered in our supplier agreements until the travel occurs. We record an allowance for cancellations on this revenue based on historical experience. In addition, other also includes travel insurance products primarily under the merchant model, for which revenue is recorded at the time the transaction is booked.
Packages. Packages assembled by travelers through the packaging functionality on our websites generally include a merchant hotel component and some combination of an air, car or destination services component. The individual package components are accounted for as separate performance obligations and recognized in accordance with our revenue recognition policies stated above.

As described in Note 9 – Segment Information, our reportable segments are Core Online Travel Agencies (“Core OTA”), trivago, HomeAway and Egencia. Our Core OTA segment generates revenue from the merchant, agency and advertising and media business models as well as all product and service types. trivago segment revenue is primarily generated through advertising and media. All HomeAway revenue is within the lodging product and service type. Our Egencia segment generates revenue from similar business models and product and service types to Core OTA applied to the corporate traveler with the majority being agency revenue.

Deferred Merchant Bookings. We classify cash payments received in advance of our performance obligations as deferred merchant bookings. At January 1, 2018, $3.219 billion of cash advance cash payments was reported within deferred merchant bookings, $2.151 billion of which was recognized resulting in $314 million of revenue during the quarter ended March 31, 2018. At March 31, 2018, the related balance was $5.217 billion.

Travelers enrolled in our internally administered traveler loyalty rewards programs earn points for each eligible booking made which can be redeemed for free or discounted future bookings. Hotels.com Rewards offers travelers one free night at any Hotels.com partner property after that traveler stays 10 nights, subject to certain restrictions. Expedia Rewards enables participating travelers to earn points on all hotel, flight, package and activities made on over 30 Brand Expedia websites. Orbitz Rewards allows travelers to earn Orbucks\textsuperscript{SM}, the currency of Orbitz Rewards, on flights, hotels and vacation packages and instantly redeem those Orbucks on future bookings at various hotels worldwide. As travelers accumulate points towards free travel products, we defer the relative standalone selling price of earned points, net of expected breakage, as deferred loyalty rewards within deferred merchant bookings on the consolidated balance sheet. In order to estimate the standalone selling price for all loyalty programs, we use an adjusted market assessment approach and consider the redemption values expected from the traveler. We then estimate the number of rewards that will not be redeemed based on historical activity in our members’ accounts as well as statistical modeling techniques. Revenue is recognized when we have satisfied our performance obligation relating to the points, that is when the travel service purchased with the loyalty award is satisfied. The majority of rewards expected to be redeemed are recognized within one to two years of being earned. At January 1, 2018, $619 million of deferred loyalty rewards was reported within deferred merchant bookings, $148 million of which was recognized as revenue during the quarter ended March 31, 2018. At March 31, 2018, the related balance was $649 million.

Deferred Revenue. Deferred revenue primarily consists of HomeAway's traveler service fees received on bookings where we are not merchant of record due to the use of a third party payment processor, unearned subscription revenue as well as deferred advertising revenue. At January 1, 2018, $326 million was recorded as deferred revenue, $152 million of which was recognized as revenue during the quarter ended March 31, 2018. At March 31, 2018, the related balance was $469 million.

Practical Expedients and Exemptions. We have used the portfolio approach to account for our loyalty points as the rewards programs share similar characteristics within each program in relation to the value provided to the traveler and their breakage patterns. Using this portfolio approach is not expected to differ materially from applying the guidance to individual contracts. However, we will continue to assess and refine, if necessary, how a portfolio within each awards program is defined.

We do not disclose the value of unsatisfied performance obligations for (i) contracts with an original expected length of one year or less and (ii) contracts for which we recognize revenue at the amount to which we have the right to invoice for services performed.

Restricted Cash and Cash Equivalents

Restricted cash includes cash and cash equivalents that is restricted through legal contracts, regulations or our intention to use the cash for a specific purpose. Our restricted cash primarily relates to certain traveler deposits and to a lesser extent collateral for office leases. The following table reconciles cash, cash equivalents and restricted cash reported in our consolidated balance sheets to the total amount presented in our consolidated statements of cash flows:

We classify our cash equivalents and investments within Level 1 and Level 2 as we value our cash equivalents and investments using quoted market prices or alternative pricing sources and models utilizing market observable inputs. Valuation of the foreign currency forward contracts is based on foreign currency exchange rates in active markets, a Level 2 input.

As of March 31, 2018 and December 31, 2017, our cash and cash equivalents consisted primarily of prime institutional money market funds with maturities of three months or less, time deposits as well as bank account balances.

We also hold time deposit investments with financial institutions. Time deposits with original maturities of less than three months are classified as cash equivalents and those with remaining maturities of less than one year are classified within short-term investments.

Our marketable equity securities consist of our investment in Despegar, a publicly traded company, which is included in long-term investments and other assets in our consolidated balance sheets. During the first quarter of 2018, we recognized a gain of approximately $36 million within other, net in our consolidated statements of operations related to the fair value changes of this equity investment. As of December 31, 2017, prior to our adoption of the new guidance for recognition and measurement of financial instruments, the cost basis was $273 million and related gross unrealized loss was $9 million.

Derivative instruments are carried at fair value on our consolidated balance sheets. We use foreign currency forward contracts to economically hedge certain merchant revenue exposures, foreign denominated liabilities related to certain of our loyalty programs and our other foreign currency-denominated operating liabilities. Our goal in managing our foreign exchange risk is to reduce, to the extent practicable, our potential exposure to the changes that exchange rates might have on our earnings, cash flows and financial position. Our foreign currency forward contracts are typically short-term and, as they do not...
qualify for hedge accounting treatment, we classify the changes in their fair value in other, net. As of March 31, 2018, we were party to outstanding forward contracts hedging our liability and revenue exposures with a total net notional value of $3.4 billion. We had a net forward asset of $13 million and $6 million recorded in prepaid expenses and other current assets as of March 31, 2018 and December 31, 2017. We recorded $14 million and $(4) million in net gains (losses) from foreign currency forward contracts during the three months ended March 31, 2018 and 2017.

Assets Measured at Fair Value on a Non-recurring Basis

Our non-financial assets, such as goodwill, intangible assets and property and equipment, as well as equity method investments, are adjusted to fair value when an impairment charge is recognized or the underlying investment is sold. Such fair value measurements are based predominately on Level 3 inputs. We measure our minority investments that do not have readily determinable fair values at cost less impairment, adjusted by observable price changes with changes recorded within other, net on our consolidated statements of operations.

Minority Investments without Readily Determinable Fair Values. As of March 31, 2018 and December 31, 2017, the carrying values of our minority investments without readily determinable fair values totaled $374 million and $371 million. During the three months ended March 31, 2018, we had no material gains or losses recognized related to these minority investments.

Long-term Debt

Our $500 million in registered senior unsecured notes outstanding at March 31, 2018 are due in August 2018 and bear interest at 7.456% (the “7.456% Notes”). Interest is payable semi-annually in February and August of each year. At any time Expedia may redeem the 7.456% Notes at a redemption price of 100% of the principal plus accrued interest, plus a “make-whole” premium, in whole or in part.

Our $750 million in registered senior unsecured notes outstanding at March 31, 2018 are due in August 2020 and bear interest at 5.95% (the “5.95% Notes”). The 5.95% Notes were issued at 99.893% of par resulting in a discount, which is being amortized over their life. Interest is payable semi-annually in February and August of each year. We may redeem the 5.95% Notes at a redemption price of 100% of the principal plus accrued interest, plus a “make-whole” premium, in whole or in part.

Our Euro 650 million in registered senior unsecured notes outstanding at March 31, 2018 are due in June 2022 and bear interest at 2.5% (the “2.5% Notes”). The 2.5% Notes were issued at 99.525% of par resulting in a discount, which is being amortized over their life. Interest is payable annually in arrears in June of each year. We may redeem the 2.5% Notes at our option, at whole or in part, at any time or from time to time. If we elect to redeem the 2.5% Notes prior to March 3, 2022, we may redeem them at a specified “make-whole” premium. If we elect to redeem the 2.5% Notes on or after March 3, 2022, we may redeem them at a redemption price of 100% of the principal plus accrued and unpaid interest. Subject to certain limited exceptions, all payments of interest and principal for the 2.5% Notes will be made in Euros.

The aggregate principal value of the 2.5% Notes is designated as a hedge of our net investment in certain Euro functional currency subsidiaries. The notes are measured at Euro to U.S. Dollar exchange rates at each balance sheet date and transaction.
gains or losses due to changes in rates are recorded in AOCI. The Euro-denominated net assets of these subsidiaries are translated into U.S. Dollars at each balance sheet date, with effects of foreign currency changes also reported in AOCI. Since the notional amount of the recorded Euro-denominated debt is less than the notional amount of our net investment, we do not expect to incur any ineffectiveness on this hedge.

Our $500 million in registered senior unsecured notes outstanding at March 31, 2018 are due in August 2024 and bear interest at 4.5% (the “4.5% Notes”). The 4.5% Notes were issued at 99.444% of par resulting in a discount, which is being amortized over their life. Interest is payable semi-annually in February and August of each year. We may redeem the 4.5% Notes at our option at any time in whole or from time to time in part. If we elect to redeem the 4.5% Notes prior to May 15, 2024, we may redeem them at a redemption price of 100% of the principal plus accrued interest, plus a “make-whole” premium. If we elect to redeem the 4.5% Notes on or after May 15, 2024, we may redeem them at a redemption price of 100% of the principal plus accrued interest.

Our $750 million in registered senior unsecured notes outstanding at March 31, 2018 are due in February 2026 and bear interest at 5.0% (the “5.0% Notes”). The 5.0% Notes were issued at 99.535% of par resulting in a discount, which is being amortized over their life. Interest is payable semi-annually in arrears in February and August of each year. We may redeem the 5.0% Notes at our option at any time in whole or from time to time in part. If we elect to redeem the 5.0% Notes prior to November 12, 2025, we may redeem them at a redemption price of 100% of the principal plus accrued interest, plus a “make-whole” premium. If we elect to redeem the 5.0% Notes on or after November 12, 2025, we may redeem them at a redemption price of 100% of the principal plus accrued interest.

Our $1 billion in registered senior unsecured notes outstanding at March 31, 2018 are due in February 2028 and bear interest at 3.8% (the “3.8% Notes”). The 3.8% Notes were issued at 99.747% of par resulting in a discount, which is being amortized over their life. Interest is payable semi-annually in arrears in February and August of each year, beginning February 15, 2018. We may redeem the 3.8% Notes at our option at any time in whole or from time to time in part. If we elect to redeem the 3.8% Notes prior to November 15, 2027, we may redeem them at a redemption price of 100% of the principal plus accrued interest, plus a “make-whole” premium. If we elect to redeem the 3.8% Notes on or after November 15, 2027, we may redeem them at a redemption price of 100% of the principal plus accrued interest.

The 7.456%, 5.95%, 2.5%, 4.5%, 5.0% and 3.8% Notes (collectively the “Notes”) are senior unsecured obligations issued by Expedia Group and guaranteed by certain domestic Expedia Group subsidiaries. The Notes rank equally in right of payment with all of our existing and future unsecured and unsubordinated obligations of Expedia Group and the guarantor subsidiaries. For further information, see Note 10 – Guarantor and Non-Guarantor Supplemental Financial Information. In addition, the Notes include covenants that limit our ability to (i) create certain liens, (ii) enter into sale/leaseback transactions and (iii) merge or consolidate with or into another entity or transfer substantially all of our assets. Accrued interest related to the Notes was $39 million and $75 million as of March 31, 2018 and December 31, 2017. The 5.95%, 2.5%, 4.5%, 5.0% and 3.8% Notes are redeemable in whole or in part, at the option of the holders thereof, upon the occurrence of certain change of control triggering events at a purchase price in cash equal to 101% of the principal plus accrued and unpaid interest.

The following table sets forth the approximate fair value of our outstanding debt, which is based on quoted market prices in less active markets (Level 2 inputs):

(1) Approximately 684 million Euro as of March 31, 2018 and 690 million Euro as of December 31, 2017.
Credit Facility

Expedia Group, Inc. maintains a $1.5 billion unsecured revolving credit facility with a group of lenders, which is unconditionally guaranteed by certain domestic Expedia Group subsidiaries that are the same as under the Notes and expires in February 2021. As of March 31, 2018 and December 31, 2017, we had no revolving credit facility borrowings outstanding. The facility bears interest based on the Company’s credit ratings, with drawn amounts bearing interest at LIBOR plus 137.5 basis points and the commitment fee on undrawn amounts at 17.5 basis points as of March 31, 2018. The facility contains covenants including maximum leverage and minimum interest coverage ratios.

The amount of stand-by letters of credit (“LOC”) issued under the facility reduces the credit amount available. As of March 31, 2018 and December 31, 2017, there were $15 million and $14 million of outstanding stand-by LOCs issued under the facility.

In addition, one of our international subsidiaries maintains a Euro 50 million uncommitted credit facility, which is guaranteed by Expedia Group, that may be terminated at any time by the lender. As of March 31, 2018 and December 31, 2017, there were no borrowings outstanding.

In addition, in April 2018, the Executive Committee, acting on behalf of the Board of Directors, declared a quarterly cash dividend of $0.30 per share of outstanding common stock payable on June 14, 2018 to stockholders of record as of the close of business on May 24, 2018. Future declarations of dividends are subject to final determination by our Board of Directors.

Share Repurchases

In February 2015, the Executive Committee, acting on behalf of the Board of Directors, authorized a repurchase of up to 10 million shares of our common stock. During the three months ended March 31, 2018, we repurchased, through open market transactions, 1.8 million shares under the 2015 authorization for the total cost of $191 million, excluding transaction costs, representing an average repurchase price of $106.80 per share. As of March 31, 2018, there were approximately 3.2 million remaining under the 2015 repurchase authorization. Subsequent to the end of the first quarter of 2018, we repurchased an additional 0.7 million shares for a total cost of $77 million, excluding transaction costs, representing an average purchase price of $107.98 per share. On April 26, 2018, we announced the Executive Committee, acting on behalf of the Board of Directors, authorized a repurchase of up to an additional 15 million shares of our common stock and as of that date 17.4 million shares remain authorized for repurchase under the 2015 and 2018 authorizations. There is no fixed termination date for the repurchases.

Stock-based Awards

Stock-based compensation expense relates primarily to expense for stock options and restricted stock units (“RSUs”). As of March 31, 2018, we had stock-based awards outstanding representing approximately 23 million shares of our common stock, consisting of options to purchase approximately 20 million shares of our common stock with a weighted average exercise price of $98.64 and weighted average remaining life of 4.9 years and approximately 3 million RSUs.

Annual employee stock-based award grants typically occur during the first quarter of each year and generally vest over four years. Our equity choice program for annual awards allows for the choice of stock options or RSUs with certain limitations. During the three months ended March 31, 2018, we granted approximately 5 million stock options and 1 million RSUs. The fair value of the stock options granted during the three months ended March 31, 2018 was estimated at the date of grant using appropriate valuation techniques, including the Black-Scholes and Monte Carlo option-pricing models.
Accumulated Other Comprehensive Loss

The balance for each class of accumulated other comprehensive loss as of March 31, 2018 and December 31, 2017 is as follows:

<table>

</tr>
<tr>

</tr>
</tbody>
</table>

(1) Foreign currency translation adjustments, net of tax, include foreign currency transaction losses at March 31, 2018 of $71 million ($92 million before tax) and $45 million ($71 million before tax) at December 31, 2017 associated with our 2.5% Notes. The 2.5% Notes are Euro-denominated debt designated as hedges of certain of our Euro-denominated net assets. See Note 4 – Debt for more information.

(2) The net unrealized loss on available for sale securities before tax at December 31, 2017 was $9 million, which was reclassified to retained earnings as of January 1, 2018 upon adoption of the relevant new accounting guidance.

Note 6 – Earnings Per Share

Basic earnings per share is calculated using our weighted-average outstanding common shares. The earnings per share amounts are the same for common stock and Class B common stock because the holders of each class are legally entitled to equal per share distributions whether through dividends or in liquidation.

Diluted earnings per share is calculated using our weighted-average outstanding common shares including the dilutive effect of stock awards as determined under the treasury stock method. In periods when we recognize a net loss, we exclude the impact of outstanding stock awards from the diluted loss per share calculation as their inclusion would have an antidilutive effect. For both of the three months ended March 31, 2018 and March 31, 2017, approximately 23 million of outstanding stock awards have been excluded from the calculations of diluted earnings per share attributable to common stockholders because their effect would have been antidilutive.

Note 7 – Income Taxes

Tax Act was enacted in December 2017. The Tax Act significantly changed U.S. tax law by, among other things, lowering U.S. corporate income tax rate from 35% to 21%, implementing a territorial tax system and imposing a one-time transition tax on deemed repatriated earnings of foreign subsidiaries. The SEC staff issued Staff Accounting Bulletin No. 118 (“SAB 118”), which was subsequently codified in March 2018, to address the application of U.S. GAAP in situations when a registrant does not have the necessary information available, prepared, or analyzed (including computations) in reasonable detail to complete the accounting for certain income tax effects of the Tax Act and allows the registrant to record provisional amounts during a measurement period not to extend beyond one year of the enactment date. In the prior year, we recognized a net tax benefit of $14 million for the provisional tax impacts related to the one-time transition tax and the revaluation of deferred tax balances and included these estimates in our consolidated financial statements for the year ended December 31, 2017. We are still in the process of analyzing the impact of the various provisions of the Tax Act. The ultimate impact may materially differ from these provisional amounts due to, among other things, additional analysis, changes in interpretations and assumptions we have made, additional regulatory guidance that may be issued, and actions we may take as a result of the Tax Act. We expect to complete our analysis within the measurement period in accordance with SAB 118.

While the Tax Act provides for a modified territorial tax system, beginning in 2018, global intangible low-taxed income (“GILTI”) provisions will be applied providing an incremental tax on low taxed foreign income. The GILTI provisions require us to include in our U.S. income tax return foreign subsidiary earnings in excess of an allowable return on the foreign subsidiary’s tangible assets. Under U.S. GAAP, we are required to make an accounting policy election to either (1) treat taxes due related to GILTI as a current-period expense when incurred (the “period cost method”) or (2) factor such amounts into our measurement of our deferred taxes (the “deferred method”). We are continuing to evaluate the GILTI tax rules and have not yet adopted our policy to account for the related impacts.

We determine our provision for income taxes for interim periods using an estimate of our annual effective tax rate. We record any changes affecting the estimated annual effective tax rate in the interim period in which the change occurs, including discrete tax items.
For the three months ended March 31, 2018, the effective tax rate was 12.0%, compared to a 35.6% for the three months ended March 31, 2017 with the decline primarily driven by the Tax Act and a decrease in excess tax benefits for stock compensation.

We are subject to taxation in the United States and various other state and foreign jurisdictions. We are under examination by the Internal Revenue Service ("IRS") for our 2009 through 2013 tax years. Subsequent years remain open to examination by the IRS. We do not anticipate a significant impact to our gross unrecognized tax benefits within the next 12 months related to these years. During first quarter of 2017, the IRS issued proposed adjustments related to transfer pricing with our foreign subsidiaries for our 2009 to 2010 audit cycle. The proposed adjustments would increase our U.S. taxable income by $105 million, which would result in federal tax expense of approximately $37 million, subject to interest. We do not agree with the proposed adjustments and are formally protesting the IRS position.

**Note 8 – Commitments and Contingencies**

**Legal Proceedings**

In the ordinary course of business, we are a party to various lawsuits. Management does not expect these lawsuits to have a material impact on the liquidity, results of operations, or financial condition of Expedia Group. We also evaluate other potential contingent matters, including value-added tax, excise tax, sales tax, transient occupancy or accommodation tax and similar matters. We do not believe that the aggregate amount of liability that could be reasonably possible with respect to these matters would have a material adverse effect on our financial results; however, litigation is inherently uncertain and the actual losses incurred in the event that our legal proceedings were to result in unfavorable outcomes could have a material adverse effect on our business and financial performance.

**Litigation Relating to Occupancy Taxes.** Ninety-six lawsuits have been filed by or against cities, counties and states involving hotel occupancy and other taxes. Fifteen lawsuits are currently active. These lawsuits are in various stages and we continue to defend against the claims made in them vigorously. With respect to the principal claims in these matters, we believe that the statutes or ordinances at issue do not apply to the services we provide and, therefore, that we do not owe the taxes that are claimed to be owed. We believe that the statutes or ordinances at issue generally impose occupancy and other taxes on entities that own, operate or control hotels (or similar businesses) or furnish or provide hotel rooms or similar accommodations. To date, forty-two of these lawsuits have been dismissed. Some of these dismissals have been without prejudice and, generally, allow the governmental entity or entities to seek administrative remedies prior to pursuing further litigation. Twenty-eight dismissals were based on a finding that we and the other defendants were not subject to the local hotel occupancy tax ordinance or that the local government lacked standing to pursue their claims. As a result of this litigation and other attempts by certain jurisdictions to levy such taxes, we have established a reserve for the potential settlement of issues related to hotel occupancy and other taxes, consistent with applicable accounting principles and in light of all current facts and circumstances, in the amount of $45 million and $43 million as of March 31, 2018 and December 31, 2017. It is also reasonably possible that amounts paid in connection with these issues could include up to an additional $57 million related to tax, interest and penalties in one jurisdiction. Our settlement reserve is based on our best estimate of probable losses and the ultimate resolution of these contingencies may be greater or less than the liabilities recorded. An estimate for a reasonably possible loss or range of loss in excess of the amount reserved or disclosed cannot be made. Changes to the settlement reserve are included within legal reserves, occupancy tax and other in the consolidated statements of operations.

In addition, we have been audited by the state of Colorado. The state has issued assessments for claimed tax, interest and penalty in the approximate amount of $23 million for the periods December 1, 1999 through December 31, 2005 and January 1, 2009 through December 31, 2011. We do not agree with these assessments and have filed protests.

**Pay-to-Play.** Certain jurisdictions may assert that we are required to pay any assessed taxes prior to being allowed to contest or litigate the applicability of the ordinances. This prepayment of contested taxes is referred to as "pay-to-play." Payment of these amounts is not an admission that we believe we are subject to such taxes and, even when such payments are made, we continue to defend our position vigorously. If we prevail in the litigation, for which a pay-to-play payment was made, the jurisdiction collecting the payment will be required to repay such amounts and also may be required to pay interest.

**Hawaii (General Excise Tax).** During 2013, the Expedia Group companies were required to "pay-to-play" and paid a total of $171 million in advance of litigation relating to general excise taxes for merchant model hotel reservations in the State of Hawaii. In September 2015, following a ruling by the Hawaii Supreme Court, the State of Hawaii refunded the Expedia Group companies $132 million of the original "pay-to-play" amount. Orbitz also received a similar refund of $22 million from the State of Hawaii in September 2015. The amount paid, net of refunds, by the Expedia Group companies and Orbitz to the State of Hawaii in satisfaction of past general excise taxes on their services for merchant model hotel reservations was $44 million. The parties reached a settlement relating to Orbitz merchant model hotel tax liabilities, and on October 5, 2016, the
Expedia Group companies paid the State of Hawaii for the tax years 2012 through 2015. The Expedia Group companies and Orbitz have now resolved all assessments by the State of Hawaii for merchant model hotel taxes through 2015.

The Department of Taxation also issued final assessments for general excise taxes against the Expedia Group companies, including Orbitz, dated December 23, 2015 for the time period 2000 to 2014 for hotel and car rental revenue for “agency model” transactions. Those assessments are currently under review in the Hawaii tax courts. The Hawaii tax court has scheduled trial on the agency hotel and car rental matters for February 4, 2019. On December 27, 2017, the defendant online travel companies filed a motion for partial summary judgment. On January 10, 2018, the Department of Taxation asked the tax court to stay proceedings in the agency hotel and car rental case pending a decision by the Hawaii Supreme Court in the merchant model car rental case addressed below. The defendants have opposed that request. On February 5, 2018, the tax court granted the motion to stay.

Final assessments by the Hawaii Department of Taxation for general excise taxes against the Expedia Group companies, including Orbitz, relating to merchant car rental transactions during the years 2000 to 2014 are also under review in the Hawaii tax courts. With respect to merchant model car rental transactions at issue for the tax years 2000 through 2013, the Hawaii tax court held on August 5, 2016 that general excise tax is due on the online travel companies’ services to facilitate car rentals. The court further ruled that for merchant model car rentals in Hawaii, the online travel companies are required to pay general excise tax on the total amount paid by consumers, with no credit for tax amounts already remitted by car rental companies to the State of Hawaii for tax years 2000 through 2013, thus resulting in a double tax on the amount paid by consumers to car rental companies for the rental of the vehicle. The court, however, ruled that when car rentals are paid for as part of a vacation package, tax is only due once on the amount paid by consumers to the car rental company for the rental of the vehicle. In addition, the court ruled that the online travel companies are required to pay interest and certain penalties on the amounts due. On April 25, 2017, the court entered a stipulated order and final judgment. On May 15, 2017, the Expedia Group companies paid under protest the full amount claimed due, or approximately $16.7 million, as a condition of appeal. The parties filed notices of cross-appeal from the order. The appeals were transferred to the Hawaii Supreme Court, which heard argument on the appeals on April 5, 2018. The parties await a ruling. The Hawaii tax court’s decision did not resolve merchant car rental transactions for the tax year 2014, which also remain under review.

San Francisco (Occupancy Tax). During 2009, Expedia Group companies were required to “pay-to-play” and paid $48 million in advance of litigation relating to occupancy tax proceedings with the city of San Francisco and, in May 2014, the Expedia Group companies paid an additional $25.5 million under protest in order to contest additional assessments for later time periods. In addition, Orbitz in total has paid $4.6 million to the city of San Francisco to contest similar assessments issued against it by the city. On August 6, 2014, the California Court of Appeals stayed this case pending review and decision by the California Supreme Court of the City of San Diego, California Litigation. The California Court of Appeals has lifted the stay for this case and the appeal is proceeding.

Other Jurisdictions. We are also in various stages of inquiry or audit with domestic and foreign tax authorities, some of which, including in the United Kingdom, regarding the application of value added tax (“VAT”) to our European Union related transactions as discussed below, impose a pay-to-play requirement to challenge an adverse inquiry or audit result in court.

The ultimate resolution of these contingencies may be greater or less than the pay-to-play payments made and our estimates of additional assessments mentioned above.

Matters Relating to International VAT. We are in various stages of inquiry or audit in multiple European Union jurisdictions, including in the United Kingdom, regarding the application of VAT to our European Union related transactions. While we believe we comply with applicable VAT laws, rules and regulations in the relevant jurisdictions, the tax authorities may determine that we owe additional taxes. In certain jurisdictions, including in the United Kingdom, we may be required to “pay-to-play” any VAT assessment prior to contesting its validity. While we believe that we will be successful based on the merits of our positions with regard to the United Kingdom and other VAT audits in pay-to-play jurisdictions, it is nevertheless reasonably possible that we could be required to pay any assessed amounts in order to contest or litigate the applicability of any assessments and an estimate for a reasonably possible amount of any such payments cannot be made.

Competition and Consumer Matters. Over the last several years, the online travel industry has become the subject of investigations by various national competition authorities (“NCAs”), particularly in Europe. Expedia Group is or has been involved in investigations predominately related to whether certain parity clauses in contracts between Expedia Group entities and accommodation providers, sometimes also referred to as “most favored nation” or “MFN” provisions, are anti-competitive.

In Europe, investigations or inquiries into contractual parity provisions between hotels and online travel companies, including Expedia Group, were initiated in 2012, 2013 and 2014 by NCAs in Austria, Belgium, Czech Republic, Denmark, France, Germany, Greece, Hungary, Ireland, Italy, Poland, Sweden and Switzerland. While the ultimate outcome of some of these investigations or inquiries remains uncertain, and Expedia Group’s circumstances are distinguishable from other online travel companies subject to similar investigations and inquiries, we note in this context that on April 21, 2015, the French,
Italian and Swedish NCAs, working in close cooperation with the European Commission, announced that they accepted formal commitments offered by Booking.com to resolve and close the investigations against Booking.com in France, Italy and Sweden by Booking.com removing and/or modifying certain rate, conditions and availability parity clauses in its contracts with accommodation providers in France, Italy and Sweden as of July 1, 2015, among other commitments. Booking.com voluntarily extended the geographic scope of these commitments to accommodation providers throughout Europe as of the same date.

With effect from August 1, 2015, certain Expedia Group entities waived certain rate, conditions and availability parity clauses in its agreements with its European hotel partners for a period of five years. While Expedia Group maintains that its parity clauses have always been lawful and in compliance with competition law, these waivers were nevertheless implemented as a positive step towards facilitating the closure of the open investigations into such clauses on a harmonized pan-European basis. Following the implementation of these waivers, nearly all NCAs in Europe have announced either the closure of their investigation or inquiries involving Expedia Group entities or a decision not to open an investigation or inquiry involving Expedia Group entities. Below are descriptions of additional rate parity-related matters of note in Europe.

The German Federal Cartel Office ("FCO") has required another online travel company, Hotel Reservation Service ("HRS"), to remove certain clauses from its contracts with hotels. HRS' appeal of this decision was rejected by the Higher Regional Court Düsseldorf on January 9, 2015. On December 23, 2015, the FCO announced that it had also required Booking.com by way of an infringement decision to remove certain clauses from its contracts with German hotels. Booking.com has appealed the decision and the appeal was heard by the Higher Regional Court Düsseldorf on February 8, 2017. Those proceedings remain ongoing.

The Italian competition authority's case closure decision against Booking.com and certain Expedia Group entities has subsequently been appealed by two Italian hotel trade associations, i.e. Federalberghi and AICA. These appeals remain at an early stage and no hearing date has been fixed.

On November 6, 2015, the Swiss competition authority announced that it had issued a final decision finding certain parity terms existing in previous versions of agreements between Swiss hotels and each of certain Expedia Group entities, Booking.com and HRS to be prohibited under Swiss law. The decision explicitly notes that current contract terms contained in the agreements between the Expedia Group entities and the Swiss hotels are not subject to this prohibition. The Swiss competition authority imposed no fines or other sanctions against the Expedia Group entities and did not find an abuse of a dominant market position by the Expedia Group entities. The FCO's case against Expedia Group entities' contractual parity provisions with accommodation providers in Germany remains open but is still at a preliminary stage with no formal allegations of wrong-doing having been communicated to the Expedia Group entities to date.

The Directorate General for Competition, Consumer Affairs and Repression of Fraud (the “DGCCRF”), a directorate of the French Ministry of Economy and Finance with authority over unfair trading practices, brought a lawsuit in France against Expedia Group entities objecting to certain parity clauses in contracts between Expedia Group entities and French hotels. In May 2015, the French court ruled that certain of the parity provisions in certain contracts that were the subject of the lawsuit were not in compliance with French commercial law, but imposed no fine and no injunction. The DGCCRF appealed the decision and, on June 21, 2017, the Paris Court of Appeal published a judgment overturning the decision. The court annulled parity clauses contained in the agreements at issue, ordered the Expedia Group entities to amend its contracts, and imposed a fine. The Expedia Group entities have appealed the decision. The appeal will not stay payment of the fine and we have recorded a related reserve.

Hotelverband Deutschland ("IHA") e.V. (a German hotel association) brought proceedings before the Cologne regional court against Expedia, Inc., Expedia.com GmbH and Expedia Lodging Partner Services Sàrl. IHA applied for a ‘cease and desist’ order against these companies in relation to the enforcement of certain rate and availability parity clauses contained in contracts with hotels in Germany. On or around February 16, 2017, the court dismissed IHA's action and declared the claimant liable for the defendant Expedia Group entities' statutory costs. IHA appealed the decision and, on December 4, 2017, the Court of Appeals rejected IHA's appeal. The Court of Appeals expressly confirmed that Expedia Group entities' MFNs are in compliance both with European and German competition law. While IHA had indicated an intention to appeal the decision to the Federal Supreme Court, it has not lodged an appeal within the applicable deadline, with the consequence that the Court of Appeals judgment has now become final.

A working group of 10 European NCAs (Belgium, Czech Republic, Denmark, France, Hungary, Ireland, Italy, Netherlands, Sweden and the United Kingdom) and the European Commission has been established by the European Competition Network ("ECN") at the end of 2015 to monitor the functioning of the online hotel booking sector, following amendments made by a number of online travel companies (including Booking.com and certain Expedia Group entities) in relation to certain parity provisions in their contracts with hotels. The working group issued questionnaires to online travel agencies including certain Expedia Group entities, metasearch sites and hotels in 2016. The underlying results of the ECN monitoring exercise were published on April 6, 2017.
Legislative bodies in France (July 2015), Austria (December 2016) and Italy (August 2017) have also adopted new domestic anti-parity clause legislation. Expedia Group believes each of these pieces of legislation violates both EU and national legal principles and therefore, Expedia Group has challenged these laws at the European Commission.

A motion requesting the Swiss government to take action on narrow price parity has been adopted in the Swiss parliament. Moreover, in Belgium, the government is also reviewing narrow parity provisions. The Company is unable to predict whether these proposals in their current form or in another form will ultimately be adopted and, if so, when this might be the case. It is not yet clear how any adopted domestic anti-parity clause legislations and/or any possible future legislation in this area may affect Expedia Group’s business.

Outside of Europe, a number of NCAs have also opened investigations or inquired about contractual parity provisions in contracts between hotels and online travel companies in their respective territories, including Expedia Group. A Brazilian hotel sector association -- Forum de Operadores Hoteleiros do Brasil -- filed a complaint with the Brazilian Administrative Council for Economic Defence (“CADE”) against a number of online travel companies, including Booking.com, Decolar.com and Expedia Group, on July 27, 2016 with respect to parity provisions in contracts between hotels and online travel companies. On September 13, 2016, Expedia Group submitted its response to the complaint to CADE. In late 2016, Expedia Group resolved the concerns of the Australia and New Zealand NCAs based on implementation of the waivers substantially similar to those provided to accommodation providers in Europe (on September 1, 2016 in Australia and on October 28, 2016 in New Zealand). More recently, however, the Australian NCA reopened its investigation. Expedia Group is in ongoing discussions with a limited number of NCAs in other countries in relation to its contracts with hotels. Expedia Group is currently unable to predict the impact the implementation of the waivers both in Europe and elsewhere will have on Expedia Group's business, on investigations or inquiries by NCAs in other countries, or on industry practice more generally.

In addition, regulatory authorities in Europe, Australia, and elsewhere recently initiated market studies, inquiries and investigations into online marketplaces and how information is presented to consumers using those marketplaces, investigating practices such as search results rankings and algorithms, discount claims, disclosure of charges, and availability and similar messaging. We are unable to predict the implications of these market studies, inquiries and investigations on Expedia Group’s business.

Other than described above, we have not accrued a reserve in connection with the market studies, investigations, inquiries or legal proceedings described above either because the likelihood of an unfavorable outcome is not probable or the amount of any loss is not estimable.

**Note 9 – Segment Information**

We have four reportable segments: Core OTA, trivago, HomeAway and Egencia. Our Core OTA segment, which consists of the aggregation of operating segments, provides a full range of travel and advertising services to our worldwide customers through a variety of brands including: Expedia.com and Hotels.com in the United States and localized Expedia and Hotels.com websites throughout the world, Expedia Partner Solutions, Orbitz, Travelocity, Wotif Group, ebookers, CheapTickets, Hotwire.com, CarRentals.com, Classic Vacations and SilverRail Technologies, Inc. Our trivago segment generates advertising revenue primarily from sending referrals to online travel companies and travel service providers from its hotel metasearch websites. Our HomeAway segment operates an online marketplace for the vacation rental industry. Our Egencia segment provides managed travel services to corporate customers worldwide.

We determined our operating segments based on how our chief operating decision makers manage our business, make operating decisions and evaluate operating performance. Our primary operating metric is adjusted EBITDA. Adjusted EBITDA for our Core OTA and Egencia segments includes allocations of certain expenses, primarily cost of revenue and facilities, and our Core OTA segment includes the total costs of our global supply organizations as well as the realized foreign currency gains or losses related to the forward contracts hedging a component of our net merchant hotel revenue. We base the allocations primarily on transaction volumes and other usage metrics. We do not allocate certain shared expenses such as accounting, human resources, information technology and legal to our reportable segments. We include these expenses in Corporate and Eliminations. Our allocation methodology is periodically evaluated and may change. During the first quarter of 2018, we updated our allocations methodology for certain technology costs. While the impact of the update was not significant, we recast the historical information presented to be on a comparable basis.

Our segment disclosure includes intersegment revenues, which primarily consist of advertising and media services provided by our trivago segment to our Core OTA segment. These intersegment transactions are recorded by each segment at amounts that approximate fair value as if the transactions were between third parties, and therefore, impact segment performance. However, the revenue and corresponding expense are eliminated in consolidation. The elimination of such intersegment transactions is included within Corporate and Eliminations in the table below. In addition, when HomeAway properties are booked through our Core OTA websites and vice versa, the segments split the third-party revenue for
management and segment reporting purposes with the majority of the third-party revenue residing with the website marketing the property or room.

Corporate and Eliminations also includes unallocated corporate functions and expenses. In addition, we record amortization of intangible assets and any related impairment, as well as stock-based compensation expense, restructuring and related reorganization charges, legal reserves, occupancy tax and other, and other items excluded from segment operating performance in Corporate and Eliminations. Such amounts are detailed in our segment reconciliation below.

The following tables present our segment information for the three months ended March 31, 2018 and March 31, 2017. As a significant portion of our property and equipment is not allocated to our operating segments and depreciation is not included in our segment measure, we do not report the assets by segment as it would not be meaningful. We do not regularly provide such information to our chief operating decision makers.

#### Note 10 – Guarantor and Non-Guarantor Supplemental Financial Information

Condensed consolidating financial information of Expedia Group, Inc. The debt facility and instruments are guaranteed by certain of our wholly-owned domestic subsidiaries and rank equally in right of payment with all of our existing and future unsecured and unsubordinated obligations. The guarantees are full, unconditional, and joint and several with the exception of certain customary automatic subsidiary release provisions. In this financial information, the Parent and Guarantor Subsidiaries account for investments in their wholly-owned subsidiaries using the equity method.

Part I. Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Forward-Looking Statements

This Quarterly Report on Form 10-Q contains “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements reflect the views of our management regarding current expectations and projections about future events and are based on currently available information. Actual results could differ materially from those contained in these forward-looking statements for a variety of reasons, including, but not limited to, those discussed in our Annual Report on Form 10-K for the year ended December 31, 2017, Part I, Item 1A, “Risk Factors,” as well as those discussed elsewhere in this report. Other unknown or unpredictable factors also could have a material adverse effect on our business, financial condition and results of operations. Accordingly, readers should not place undue reliance on these forward-looking statements. The use of words such as “anticipates,” “estimates,” “expects,” “intends,” “plans” and “believes,” among others, generally identify forward-looking statements; however, these words are not the exclusive means of identifying such statements. In addition, any statements that refer to expectations, projections or other characterizations of future events or circumstances are forward-looking statements. These forward-looking statements are inherently subject to uncertainties, risks and changes in circumstances that are difficult to predict. We are not under any obligation to, and do not intend to, publicly update or review any of these forward-looking statements, whether as a result of new information, future events or otherwise, even if experience or future events make it clear that any expected results expressed or implied by those forward-looking statements will not be realized. Please carefully review and consider the various disclosures made in this report and in our other reports filed with the Securities and Exchange Commission (“SEC”) that attempt to advise interested parties of the risks and factors that may affect our business, prospects and results of operations.

The information included in this management’s discussion and analysis of financial condition and results of operations should be read in conjunction with our consolidated financial statements and the notes included in this Quarterly Report, and the audited consolidated financial statements and notes and Management’s Discussion and Analysis of Financial Condition and Results of Operations contained in our Annual Report on Form 10-K for the year ended December 31, 2017.

Trends

The travel industry, including offline agencies, online agencies and other suppliers of travel products and services, has historically been characterized by intense competition, as well as rapid and significant change. Generally, 2016 and 2017 represented years of continuing improvement for the travel industry. However, political instability, geopolitical conflicts, acts of terrorism, significant fluctuations in currency values, sovereign debt issues, natural disasters and macroeconomic concerns are examples of events that contribute to a somewhat uncertain environment, which could have a negative impact on the travel industry in the future.

Online Travel

Increased usage and familiarity with the internet drove rapid growth in online penetration of travel expenditures. According to Phocuswright, an independent travel, tourism and hospitality research firm, in 2018, over 45% of U.S. and European leisure and unmanaged corporate travel expenditures are expected to occur online. Online penetration rates in the
emerging markets, such as Asia Pacific and Latin American regions, are lagging behind that of the United States and Europe, and are estimated between 35% to 40%. These penetration rates increased over the past few years, and are expected to continue growing, which has attracted many competitors to online travel. This competition intensified in recent years, and the industry is expected to remain highly competitive for the foreseeable future. In addition to the growth of online travel agencies, airlines and lodging companies aggressively pursued direct online distribution of their products and services. Competitive entrants such as “metasearch” companies, including Kayak.com (owned by Booking Holdings), trivago (in which Expedia Group owns a majority interest) as well as TripAdvisor, introduced differentiated features, pricing and content compared with the legacy online travel agency companies, as well as various forms of direct or assisted booking tools, the impact of which is currently uncertain. In addition, the increasing popularity of the “sharing economy,” accelerated by online penetration, directly impacted the travel and lodging industry. Players such as Airbnb, HomeAway (which we acquired in December 2015) and Booking.com (owned by Booking Holdings) emerged as the leaders, bringing incremental alternative accommodation and vacation rental inventory to the market. Many other competitors, including vacation rental metasearch players, continue to emerge in this space, which is estimated by Phocuswright to account for approximately $120 billion of annual travel spend and expected to continue to grow as a percentage of the global accommodation market.

Furthermore, we saw increased interest in the online travel industry from search engine companies as evidenced by recent innovations including direct booking functionality, as well as licensing deals and proposed and actual acquisitions by companies such as Google. Finally, traditional consumer eCommerce and group buying websites expanded their local offerings into the travel market by adding hotel offers to their websites.

The online travel industry also saw the development of alternative business models and variations in the timing of payment by travelers and to suppliers, which in some cases place pressure on historical business models. In particular, the agency hotel model saw rapid adoption in Europe. Expedia Group distributes both merchant (Expedia Collect) and agency (Hotel Collect) hotel offerings for our hotel supply partners through both agency-only contracts as well as our hybrid Expedia Traveler Preference (ETP) program, which offers travelers the choice of whether to pay Expedia Group at the time of booking or pay the hotel at the time of stay.

Intense competition also historically led to aggressive marketing efforts by the travel suppliers and intermediaries, and a meaningful unfavorable impact on our overall marketing efficiencies and operating margins. We manage our selling and marketing spending on a brand basis, making decisions in each applicable market that we think are appropriate based on the relative growth opportunity and the expected returns and the competitive environment. In certain cases, particularly in emerging markets, we are pursuing and expect to continue to pursue long-term growth opportunities for which our marketing efficiency is less favorable than that for our consolidated business, but for which we still believe the opportunity to be attractive. The crowded online travel environment is now driving certain secondary and tertiary online travel companies to establish marketing agreements with global players in order to leverage distribution and technology capabilities while focusing resources on capturing traveler mind share.

### Lodging

Lodging includes hotel accommodations as well as alternative accommodations primarily made available through HomeAway. As a percentage of our total worldwide revenue in the first quarter of 2018, lodging accounted for 64%. Our room night growth has been healthy, with room nights growing 32% in 2016 (excluding eLong), 16% in 2017, and 15% for the first quarter of 2018. ADRs for rooms booked on Expedia Group and HomeAway websites increased 5% in 2016 (excluding eLong) due to the acquisition of HomeAway, increased 3% in 2017, and increased 7% in the first quarter of 2018.

**Hotel.** We generate the majority of our revenue through the facilitation of hotel reservations (stand-alone and package bookings). Although our relationships with our hotel supply partners remained broadly stable in the past few years, as part of the global rollout of ETP, we reduced negotiated economics in certain instances to compensate for hotel supply partners absorbing expenses such as credit card fees and customer service costs, which has negatively impacted the margin of revenue we earn per booking. In addition, as we continue to expand the breadth and depth of our global hotel offering, in some cases we have reduced our economics in various geographies based on local market conditions. These impacts are due to specific initiatives intended to drive greater global size and scale through faster overall room night growth. Additionally, increased promotional activities such as growing loyalty programs contribute to declines in revenue per room night and profitability.

Since our hotel supplier agreements are generally negotiated on a percentage basis, any increase or decrease in ADRs has an impact on the revenue we earn per room night. Over the course of the last several years, occupancies and ADRs in the lodging industry generally increased on a currency-neutral basis in a gradually improving overall travel environment. However, U.S. dollar-denominated hotel ADRs declined in 2016, due to the currency translation impact, increased in 2017, and increased in the first quarter of 2018. Current occupancy rates for hotels in the United States remain high; however, U.S. hotel supply growth has been accelerating, which may put additional pressure on ADRs. In international markets, hotel supply is being added at a faster rate as hotel owners and operators try to take advantage of opportunities in faster growing regions such as Asia and certain Latin American markets. Companies like Airbnb, HomeAway and Booking.com also added incremental global supply in the alternative accommodations space. In addition, while the global lodging industry remains very fragmented, there
has been consolidation in the hotel space among chains as well as ownership groups. In the meantime, certain hotel chains have been focusing on driving
direct bookings on their own websites and mobile applications by advertising lower rates than those available on third-party websites as well as incentives
such as loyalty points, increased or exclusive product availability and complimentary Wi-Fi. We succeeded in adding supply to our marketplace with more
than 665,000 properties on our global websites as of March 31, 2018, including more than 175,000 HomeAway vacation rental properties now available on
select Brand Expedia, Orbitz, Travelocity, CheapTickets and ebookers websites.

**Alternative Accommodations.** With our acquisition of HomeAway and all of its brands in December 2015, we expanded into the fast growing $120
billion alternative accommodations market. HomeAway is a leader in this market and represents an attractive growth opportunity for Expedia Group.
HomeAway has been undergoing a transition from a listings-based classified advertising model to an online transactional model that optimizes for both
travelers and homeowner and property manager partners, with a goal of increasing monetization and driving growth through investments in marketing as well
as in product and technology. In addition, HomeAway rolled out a traveler service fee in the United States and Europe during the first half of 2016, consistent
with historical market practice. The fee has contributed to HomeAway’s revenue growth and help fund marketing investment, programs to better protect
travelers and future growth initiatives. Furthermore, HomeAway moved to a single subscription option globally in July 2016. In the first quarter of 2017,
HomeAway began integrating Expedia Group vacation rental properties onto its websites. As of March 31, 2018, there are more than 1.6 million online
bookable listings available on HomeAway.

**Air**

Significant airline sector consolidation in the United States generally resulted in lower overall capacity and higher fares, which combined with the
significant declines in fuel prices led to record levels of profitability for the U.S. air carriers, further strengthening their position. However, in 2016 and 2017,
there was evidence of discounting by the U.S. carriers while currency headwinds and weaker macroeconomic trends put pressure on international results,
which appear to be reversing during the first quarter of 2018. Ticket prices on Expedia Group websites declined 6% in 2016 (excluding eLong), declined 1%
in 2017, and increased 3% in the first quarter of 2018. Based on airline reports, demand for airline tickets seems to be strong, helping increase air revenues
globally. There is significant correlation between airline revenues and fuel price, and fluctuations in fuel prices generally take time to be reflected in air
revenues. Given current volatility in fuel prices, it is uncertain whether the recent increases in fuel prices will drive further increases in airfares, particularly
when considering planned supply increases through capacity additions. We can encounter pressure on air remuneration as air carriers combine and as certain
supply agreements renew, and continue to add airlines to ensure local coverage in new markets.

Air ticket volumes increased 32% in 2016 (excluding eLong), primarily due to the acquisition of Orbitz, 4% in 2017, and 1% in the first quarter of
2018. As a percentage of our total worldwide revenue in the first quarter of 2018, air accounted for 10%.

**Advertising & Media**

Our advertising and media business is principally driven by revenue generated by trivago, a leading hotel metasearch website, in addition to Expedia
Group Media Solutions, which is responsible for generating advertising revenue on our global online travel brands. In the first quarter of 2018, we generated
$282 million of advertising and media revenue representing 11% of our total worldwide revenue, up from $257 million in the first quarter of 2017.

**Growth Strategy**

**Global Expansion.** Our Brand Expedia, Hotels.com, Egencia, and Expedia Partner Solutions brands operate both domestically and through international
points of sale, including in Europe, Asia Pacific, Canada and Latin America. In addition, ebookers offers multi-product online travel reservations in Europe
Egencia, our corporate travel business, operates in over 60 countries around the world. The HomeAway portfolio has 60 vacation rental websites all around
the world. We own a majority share of trivago, a leading metasearch company. Officially launched in 2005, trivago is one of the best known travel brands in
Europe and North America. trivago continues to operate independently and grow revenue through global expansion. In December 2016, trivago successfully
completed its initial public offering and trades on the Nasdaq Global Select Market under the symbol "TRVG." In addition, we have commercial agreements
in place with Ctrip and eLong in China, Traveloka in Southeast Asia, as well as Despegar in Latin America, among many others. In conjunction with the
commercial arrangements with Traveloka and Despegar, we have also made strategic investments of over $600 million combined in Traveloka in 2017 and
Despegar in 2015. In the first quarter of 2018, approximately 39% of our worldwide gross bookings and 46% of worldwide revenue were through
international points of sale compared to just 21% for both worldwide gross bookings and revenue in 2005. We have a goal of generating more than two-thirds
of our revenue through businesses and points of sale outside of the United States.
In expanding our global reach, we leverage significant investments in technology, operations, brand building, supplier relationships and other initiatives that we have made since the launch of Expedia.com in 1996. More recently, we have invested in migrating parts of our technology platform to the cloud, as well as focused on expanding our lodging supply in key focus markets around the world. Our scale of operations enhances the value of technology innovations we introduce on behalf of our travelers and suppliers. We believe that our size and scale afford the company the ability to negotiate competitive rates with our supply partners, provide breadth of choice and travel deals to our traveling customers through an expanding supply portfolio and create opportunities for new value added offers for our customers such as our loyalty programs. The size of Expedia Group’s worldwide traveler base makes our websites an increasingly appealing channel for travel suppliers to reach customers. In addition, the sheer size of our user base and search query volume allows us to test new technologies very quickly in order to determine which innovations are most likely to improve the travel research and booking process, and then roll those features out to our worldwide audience in order to drive improvements in conversion.

**Product Innovation.** Each of our leading brands was a pioneer in online travel and has been responsible for driving key innovations in the space for more than two decades. Each Expedia Group technology platform is operated by a dedicated technology team, which drives innovations that make researching and shopping for travel increasingly easier and helps customers find and book the best possible travel options. We made key investments in technology, including significant development of our technical platforms that makes it possible for us to deliver innovations at a faster pace. Improvements in our global platforms for Hotels.com and Brand Expedia continue to enable us to significantly increase the innovation cycle, thereby improving conversion and driving faster growth rates for those brands. In 2013, we signed an agreement to power the technology, supply and customer service platforms for Travelocity-branded websites in the United States and Canada, enabling the Company to leverage its investments in each of these key areas. During 2014, the Travelocity-branded websites were successfully migrated to the Brand Expedia technology platform. In November 2014, we completed the acquisition of Wotif Group and subsequently converted the Wotif.com website to the Brand Expedia technology platform. In January 2015, we acquired the Travelocity brand and other associated assets from Sabre. The strategic marketing and other related agreements previously entered into were terminated. In September 2015, we acquired Orbitz Worldwide, including all of its brands. The Orbitz, CheapTickets and ebookers websites were migrated to the Brand Expedia technology platform in the first half of 2016, and Orbitz for Business customers were migrated to the Egencia technology platform by July 2016. In December 2015, we acquired HomeAway, Inc., including all of its brands. Additionally, in June 2017, we acquired a majority stake in SilverRail, a leading rail technology distributor. We intend to continue leveraging these investments when launching additional points of sale in new countries, introducing new website features, adding supplier products and services including new business model offerings, as well as proprietary and user-generated content for travelers.

**Channel Expansion.** Technological innovations and developments continue to create new opportunities for travel bookings. In the past few years, each of our brands made significant progress creating new mobile websites and mobile applications that are receiving strong reviews and solid download trends, and many of our brands now see more traffic via mobile devices than via traditional PCs. Mobile bookings continue to present an opportunity for incremental growth as they are often completed within one or two days of the travel or stay, which is a much shorter booking window than we historically experienced via more traditional online booking methods. Additionally, our brands are implementing new technologies like voice-based search, chatbots and messaging apps as mobile-based options for travelers. In addition, we are seeing significant cross-device usage among our customers, who connect to our websites and apps across multiple devices and platforms throughout their travel planning process. We also believe mobile represents an efficient marketing channel given the opportunity for direct traffic acquisition, increase in share of wallet and in repeat customers, particularly through mobile applications. During the first quarter of 2018, approximately one in three Expedia Group transactions globally were booked on a mobile device.

**Seasonality.** We generally experience seasonal fluctuations in the demand for our travel products and services. For example, traditional leisure travel bookings are generally the highest in the first three quarters as travelers plan and book their spring, summer and winter holiday travel. The number of bookings typically decreases in the fourth quarter. Because revenue for most of our travel products, including merchant and agency hotel, is recognized as the travel takes place rather than when it is booked, revenue typically lags bookings by several weeks for our hotel business and can be several months for our vacation rental business. Historically, HomeAway has seen seasonally stronger bookings in the first quarter of the year, with the relevant stays occurring during the peak summer travel months. The seasonal revenue impact is exacerbated with respect to income by the nature of our variable cost of revenue and direct sales and marketing costs, which we typically realize in closer alignment to booking volumes, and the more stable nature of our fixed costs. Furthermore, operating profits for our primary advertising business, trivago, have typically been experienced in the second half of the year, particularly the fourth quarter, as selling and marketing costs offset revenue in the first half of the year as we aggressively market during the busy booking period for spring, summer and winter holiday travel. As a result on a consolidated basis, revenue and income are typically the lowest in the first quarter and highest in the third quarter. The continued growth of our international operations, advertising business or a change.
in our product mix, including the growth of HomeAway, may influence the typical trend of the seasonality in the future, and there may also be business or market driven dynamics that result in short-term impacts to revenue or profitability that differ from the typical seasonal trends. As HomeAway continues its shift to more of a transaction-based business model for vacation rental listings and its booking window elongates, its seasonal trends are more pronounced than our other traditional leisure businesses.

Critical Accounting Policies and Estimates

Critical accounting policies and estimates are those that we believe are important in the preparation of our consolidated financial statements because they require that we use judgment and estimates in applying those policies. We prepare our consolidated financial statements and accompanying notes in accordance with generally accepted accounting principles in the United States (“GAAP”). Preparation of the consolidated financial statements and accompanying notes requires that we make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the consolidated financial statements as well as revenue and expenses during the periods reported. We base our estimates on historical experience, where applicable, and other assumptions that we believe are reasonable under the circumstances. Actual results may differ from our estimates under different assumptions or conditions.

There are certain critical estimates that we believe require significant judgment in the preparation of our consolidated financial statements. We consider an accounting estimate to be critical if:

• It requires us to make an assumption because information was not available at the time or it included matters that were highly uncertain at the time we were making the estimate; and
• Changes in the estimate or different estimates that we could have selected may have had a material impact on our financial condition or results of operations.

For additional information about our critical accounting policies and estimates, see the disclosure included in our Annual Report on Form 10-K for the year ended December 31, 2017 as well as updates in the current fiscal year provided in Note 2 – Summary of Significant Accounting Policies in the notes to the consolidated financial statements.

Occupancy and Other Taxes

Legal Proceedings. We are currently involved in fifteen lawsuits brought by or against states, cities and counties over issues involving the payment of hotel occupancy and other taxes. We continue to defend these lawsuits vigorously. With respect to the principal claims in these matters, we believe that the statutes and ordinances at issue do not apply to the services we provide, namely the facilitation of hotel reservations, and, therefore, that we do not owe the taxes that are claimed to be owed. We believe that the statutes and ordinances at issue generally impose occupancy and other taxes on entities that own, operate or control hotels (or similar businesses) or furnish or provide hotel rooms or similar accommodations.

Recent developments include:

• City of Los Angeles, California Litigation. On March 28, 2018, the Court of Appeals affirmed the trial court decision reversing the tax assessments issued against the defendant online travel companies.
• Pine Bluff, Arkansas Litigation. On February 1, 2018, the trial court granted plaintiffs’ motion for summary judgment and denied the online travel company defendants’ motion for summary judgment on the issue of tax liability.
• Portland, Oregon HomeAway Litigation. The parties reached a settlement and all federal and state cases were dismissed during March 2018, formally concluding the matters.

For additional information on these and other legal proceedings, see Part II, Item 1, Legal Proceedings.

We have established a reserve for the potential settlement of issues related to hotel occupancy tax litigation, consistent with applicable accounting principles and in light of all current facts and circumstances, in the amount of $45 million as of March 31, 2018, and $43 million as of December 31, 2017.

Certain jurisdictions, including, but not limited to the states of New York, North Carolina, Minnesota, Oregon, Rhode Island, and Maryland, the city of New York, and the District of Columbia, have enacted legislation seeking to tax online travel company services as part of sales taxes for hotel occupancy. We are currently remitting taxes to a number of jurisdictions, including, but not limited to the states of New York, South Carolina, North Carolina, Minnesota, Georgia, Wyoming, Oregon, Rhode Island, Montana, Maryland, Kentucky and Maine, the District of Columbia and the city of New York, as well as certain other county and local jurisdictions.
Pay-to-Play

Certain jurisdictions may assert that we are required to pay any assessed taxes prior to being allowed to contest or litigate the applicability of the ordinances. This prepayment of contested taxes is referred to as “pay-to-play.” Payment of these amounts is not an admission that we believe we are subject to such taxes and, even when such payments are made, we continue to defend our position vigorously. If we prevail in the litigation, for which a pay-to-play payment was made, the jurisdiction collecting the payment will be required to repay such amounts and also may be required to pay interest. However, any significant pay-to-play payment or litigation loss could negatively impact our liquidity. For additional information, including significant pay-to-play payments made by Expedia Group companies, see Note 8 – Commitments and Contingencies - Legal Proceedings - Pay-to-Play in the notes to the consolidated financial statements.

Other Jurisdictions. We are also in various stages of inquiry or audit with domestic and foreign tax authorities, some of which, including in the United Kingdom, regarding the application of value added tax (“VAT”) to our European Union related transactions, impose a pay-to-play requirement to challenge an adverse inquiry or audit result in court.

Segments

We have four reportable segments: Core Online Travel Agencies (“Core OTA”), trivago, HomeAway and Egencia. Our Core OTA segment provides a full range of travel and advertising services to our worldwide customers through a variety of brands including: Expedia.com and Hotels.com in the United States and localized Expedia and Hotels.com websites throughout the world, Expedia Partner Solutions, Orbitz, Travelocity, Wotif Group, ebookers, CheapTickets, Hotwire.com, CarRentals.com, Classic Vacations and SilverRail. Our trivago segment generates advertising revenue primarily from sending referrals to online travel companies and travel service providers from its hotel metasearch websites. Our HomeAway segment operates an online marketplace for the vacation rental industry. Our Egencia segment provides managed travel services to corporate customers worldwide.

Operating Metrics

Our operating results are affected by certain metrics, such as gross bookings and revenue margin, which we believe are necessary for understanding and evaluating us. Gross bookings generally represent the total retail value of transactions booked for agency, merchant and HomeAway transactions, recorded at the time of booking reflecting the total price due for travel by travelers, including taxes, fees and other charges, and are reduced for cancellations and refunds. As travelers have increased their use of the internet to book travel arrangements, we have generally seen our gross bookings increase, reflecting the growth in the online travel industry, our organic market share gains and our business acquisitions. Revenue margin is defined as revenue as a percentage of gross bookings.

When HomeAway properties are booked through our Core OTA websites and vice versa, the segments split the third-party revenue for management and segment reporting purposes with the majority of the third-party revenue residing with the website marketing the property or room. The operating metrics, including gross bookings and room nights, are not split but instead generally reside entirely with the website marketing the property or room.

(1) trivago, which is comprised of a hotel metasearch business that differs from our transaction-based websites, does not have associated gross bookings or revenue margin. However, third-party revenue from trivago is included in revenue used to calculate total revenue margin.

(2) HomeAway gross bookings include on-platform and reported transactions from all HomeAway brands, with the exception of BedandBreakfast.com and TopRural (which, if included would collectively add less than an estimated 2% to gross bookings). Gross bookings for Stayz, Bookabach and Travelmob (which collectively represent less than 10% of total on-platform transactions) represent our best estimates.

The increase in worldwide gross bookings for the three months ended March 31, 2018, as compared to the same period in 2017, was primarily driven by growth at our Core OTA segment, including growth at Brand Expedia and Hotels.com, and at HomeAway.

(1) Includes third-party revenue from trivago as well as our transaction-based websites.

Lodging revenue, which includes hotel and HomeAway revenue, increased 15% for the three months ended March 31, 2018, compared to the same period in 2017, driven by growth in Hotels.com, Expedia Partner Solutions, Brand Expedia and HomeAway. Room nights stayed increased 15% while revenue per room night was flat in the first quarter of 2018.

Worldwide air revenue increased 11% for the three months ended March 31, 2018, compared to the same period in 2017, on a 10% increase in revenue per ticket augmented by a 1% increase in air tickets sold. Air revenue growth included an approximately 350 basis point benefit due to an accounting change related to classification of certain fees, which were previously recorded as contra-revenue but now classified as cost of revenue with no net impact to Adjusted EBITDA.

Advertising and media revenue increased 10% for the three months ended March 31, 2018, compared to the same period in 2017, due to 10 percentage points of positive impact from foreign exchange as well as continued growth in Expedia Group Media Solutions, partially offset by a decline in local currency revenue at trivago. All other revenue, which includes car rental, insurance, destination services and fee revenue related to our corporate travel business, increased by 18% for the three months ended March 31, 2018, compared to the same period in 2017, primarily due to growth in car rental and travel insurance products.

Merchant revenue increased for the three months ended March 31, 2018, compared to the same period in 2017, primarily due to the increase in merchant hotel revenue driven by an increase in room nights stayed.

Agency revenue increased for the three months ended March 31, 2018, compared to the same period in 2017, primarily due to the growth in agency hotel and air.

HomeAway revenue increased for the three months ended March 31, 2018, compared to the same period in 2017, primarily due to growth in transactional revenue of approximately 70% driven by a benefit from the traveler service fee, partially offset by subscription revenue decreasing approximately 30%.

Cost of revenue primarily consists of (1) customer operations, including our customer support and telesales as well as fees to air ticket fulfillment vendors, (2) credit card processing, including merchant fees, fraud and chargebacks, and (3) other costs, primarily including data center and cloud costs to support our websites, supplier operations, destination supply and stock-based compensation.

During the three months ended March 31, 2018, the increase in cost of revenue expense, compared to the same period in 2017, was driven by $35 million of higher data center, cloud and other costs as well as $33 million of higher customer operations expenses, including higher headcount at Egencia and HomeAway. Cloud expense in cost of revenue during the first quarter of 2018 was $23 million, compared to $9 million in the first quarter of 2017.

Selling and marketing expense primarily relates to direct costs, including traffic generation costs from search engines and internet portals, television, radio and print spending, private label and affiliate program commissions, public relations and other costs. The remainder of the expense relates to indirect costs, including personnel and related overhead in our various brands and global supply organization, as well as stock-based compensation costs.

Selling and marketing expenses increased $246 million during the three months ended March 31, 2018, compared to the same period in 2017, driven by increase of $186 million of direct costs, including online and offline marketing expenses, trivago, HomeAway, and Core OTA accounted for the majority of the total direct cost increases. In addition, higher indirect costs of $60 million also contributed to the increase and were driven by growth in personnel in the lodging supply organization as well as at Egencia.

principally comprised of personnel and overhead, depreciation and amortization of technology assets including hardware, and purchased and internally developed software, and other costs including cloud expense, licensing and maintenance expense and stock-based compensation.

Technology and content expense increased $74 million during the three months ended March 31, 2018, compared to the same period in 2017, primarily due to increased personnel and overhead of $44 million due to growth at HomeAway and investments in our ecommerce platform, as well as inorganic impacts from SilverRail and ALICE both acquired in the second half of 2017. In addition, depreciation and amortization of technology assets also increased $16 million. Cloud expense in technology and content during the first quarter of 2018 was $13 million, compared to $7 million in the first quarter of 2017.

(1) Adjusted EBITDA is a non-GAAP measure. See "Definition and Reconciliation of Adjusted EBITDA" below for more information.

Adjusted EBITDA is our primary segment operating metric. See Note 9 – Segment Information in the notes to the consolidated financial statements for additional information on intersegment transactions, unallocated overhead costs and for a reconciliation of Adjusted EBITDA by segment to net income (loss) attributable to Expedia Group, Inc. for the periods presented above.

Core OTA Adjusted EBITDA increased $20 million during the three months ended March 31, 2018, compared to the same period in 2017, primarily due to an increase of $226 million in revenue, partially offset by an increase in sales and marketing expense mostly at Hotels.com, Expedia Partner Solutions and Brand Expedia.

trivago Adjusted EBITDA declined $49 million during the three months ended March 31, 2018, compared to the same period in 2017, due to an increase in expenses in excess of revenue growth, primarily sales and marketing spend.

HomeAway Adjusted EBITDA declined $27 million during the three months ended March 31, 2018, compared to the same period in 2017, due to higher operating expenses from planned investments in performance-based marketing as well as a continuation in investing in both consumer and supplier facing products, and HomeAway's migration to the cloud, partially offset by an increase of $49 million in revenue. These investments had a more pronounced impact on Adjusted EBITDA in the first quarter this year given the increasing seasonality in HomeAway’s business as it continues to generate more of its revenue from its transactional business model and less from the subscription model.

Egencia Adjusted EBITDA for the three months ended March 31, 2018 was essentially flat compared to the same period in 2017, as growth in revenue from new corporate clients and room nights was offset primarily by headcount costs from investments in sales, product and technology.

38
Unallocated overhead costs increased $28 million during the three months ended March 31, 2018, compared to the same period in 2017, primarily due to higher general and administrative personnel and overhead costs as well as higher technology and content personnel expenses to support investments in our ecommerce platform.

We determine our provision for income taxes for interim periods using an estimate of our annual effective tax rate. We record any changes affecting the estimated annual effective tax rate in the interim period in which the change occurs, including discrete tax items.

For the three months ended March 31, 2018, the effective tax rate was 12.0%, compared to a 35.6% for the three months ended March 31, 2017 with the decline primarily driven by the Tax Act and a decrease in excess tax benefits for stock compensation.

We are subject to taxation in the United States and various other state and foreign jurisdictions. We are under examination by the IRS for our 2009 through 2013 tax years. Subsequent years remain open to examination by the IRS. We do not anticipate a significant impact to our gross unrecognized tax benefits within the next 12 months related to these years. During first quarter of 2017, the IRS issued proposed adjustments related to transfer pricing with our foreign subsidiaries for our 2009 to 2010 audit cycle. The proposed adjustments would increase our U.S. taxable income by $105 million, which would result in federal tax expense of approximately $37 million, subject to interest. We do not agree with the proposed adjustments and are formally protesting the IRS position.
Definition and Reconciliation of Adjusted EBITDA

We report Adjusted EBITDA as a supplemental measure to U.S. generally accepted accounting principles ("GAAP"). Adjusted EBITDA is among the primary metrics by which management evaluates the performance of the business and on which internal budgets are based. Management believes that investors should have access to the same set of tools that management uses to analyze our results. This non-GAAP measure should be considered in addition to results prepared in accordance with GAAP, but should not be considered a substitute for or superior to GAAP. Adjusted EBITDA has certain limitations in that it does not take into account the impact of certain expenses to our consolidated statements of operations. We endeavor to compensate for the limitation of the non-GAAP measure presented by also providing the most directly comparable GAAP measure and a description of the reconciling items and adjustments to derive the non-GAAP measure. Adjusted EBITDA also excludes certain items related to transactional tax matters, which may ultimately be settled in cash, and we urge investors to review the detailed disclosure regarding these matters included above, in the Legal Proceedings section, as well as the notes to the financial statements. The non-GAAP financial measure used by the Company may be calculated differently from, and therefore may not be comparable to, similarly titled measures used by other companies.

Adjusted EBITDA is defined as net income (loss) attributable to Expedia Group adjusted for (1) net income (loss) attributable to non-controlling interests; (2) provision for income taxes; (3) total other expenses, net; (4) stock-based compensation expense, including compensation expense related to certain subsidiary equity plans; (5) acquisition-related impacts, including (i) amortization of intangible assets and goodwill and intangible asset impairment, (ii) gains (losses) recognized on changes in the value of contingent consideration arrangements, if any, and (iii) upfront consideration paid to settle employee compensation plans of the acquiree, if any; (6) certain other items, including restructuring; (7) items included in legal reserves, occupancy tax and other; (8) that portion of gains (losses) on revenue hedging activities that are included in other, net that relate to revenue recognized in the period; and (9) depreciation.

The above items are excluded from our Adjusted EBITDA measure because these items are noncash in nature, or because the amount and timing of these items is unpredictable, not driven by core operating results and renders comparisons with prior periods and competitors less meaningful. We believe Adjusted EBITDA is a useful measure for analysts and investors to evaluate our future on-going performance as this measure allows a more meaningful comparison of our performance and projected cash earnings with our historical results from prior periods and to the results of our competitors. Moreover, our management uses this measure internally to evaluate the performance of our business as a whole and our individual business segments. In addition, we believe that by excluding certain items, such as stock-based compensation and acquisition-related impacts, Adjusted EBITDA corresponds more closely to the cash operating income generated from our business and allows investors to gain an understanding of the factors and trends affecting the ongoing cash earnings capabilities of our business, from which capital investments are made and debt is serviced.

Financial Position, Liquidity and Capital Resources

Our principal sources of liquidity are cash flows generated from operations; our cash and cash equivalents and short-term investment balances, which were $4.5 billion and $3.3 billion at March 31, 2018 and December 31, 2017, and our $1.5 billion revolving credit facility, which is essentially untapped and expires in February 2021. The revolving credit facility bears interest based on the Company’s credit ratings with the applicable interest rate on drawn amounts at LIBOR plus 137.5 basis points and the commitment fee on undrawn amounts at 17.5 basis points as of March 31, 2018.

As of March 31, 2018, the total cash and cash equivalents and short-term investments held outside the United States was $1.3 billion ($1.0 billion in wholly-owned foreign subsidiaries and $276 million in majority-owned subsidiaries).

Our credit ratings are periodically reviewed by rating agencies. As of March 31, 2018, Moody’s rating was Ba1 with an outlook of “stable,” S&P’s rating was BBB- with an outlook of “stable” and Fitch’s rating was BBB- with an outlook of “stable.” Changes in our operating results, cash flows, financial position, capital structure, financial policy or capital allocations to share repurchase, dividends, investments and acquisitions could impact the ratings assigned by the various rating agencies. Should our credit ratings be adjusted downward, we may incur higher costs to borrow and/or limited access to capital markets, which could have a material impact on our financial condition and results of operations.

As of March 31, 2018, we were in compliance with the covenants and conditions in our revolving credit facility and outstanding debt, which was comprised of $500 million in registered senior unsecured notes due in August 2018 that bear interest at 7.456% and is classified as current in the consolidated balance sheets, as well as long-term debt of $750 million in registered senior unsecured notes due in August 2020 that bear interest at 5.95%, $500 million in registered senior unsecured notes due in August 2024 that bear interest at 4.5%, Euro 650 million of registered senior unsecured notes due in June 2022 that bear interest at 2.5%, $750 million of registered senior unsecured notes due in February 2026 that bear interest at 5.0% and the $1 billion of registered senior unsecured notes due in February 2028 that bear interest at 3.8%.

Under the merchant model, we receive cash from travelers at the time of booking and we record these amounts on our consolidated balance sheets as deferred merchant bookings. We pay our airline suppliers related to these merchant model bookings generally within a few weeks after completing the transaction, but we are liable for the full value of such transactions until the flights are completed. For most other merchant bookings, which is primarily our merchant hotel business, we generally pay after the travelers’ use and, in some cases, subsequent billing from the hotel suppliers. Therefore, generally we receive cash from the traveler prior to paying our supplier, and this operating cycle represents a working capital source of cash to us. As long as the merchant hotel business grows, we expect that changes in working capital related to merchant hotel transactions will positively impact operating cash flows. However, we are using both the merchant model and the agency model in many of our markets. If the merchant hotel model declines relative to our other business models that generally consume working capital such as agency hotel, managed corporate travel, advertising or certain Expedia Partner Solutions relationships, or if there are changes to the merchant model, supplier payment terms, or booking patterns that compress the time period between our receipt of cash from travelers and our payment to suppliers, such as with mobile bookings via smartphones, our overall working capital benefits could be reduced, eliminated or even reversed. Our future working capital benefits could also be impacted by HomeAway’s continued shift to more of a transactional model from a subscription model.

As our ETP program continues to expand, and depending on relative traveler and supplier adoption rates and customer payment preferences, among other things, the scaling up of ETP has and will continue to negatively impact near term working capital cash balances, cash flow, relative liquidity during the transition, and hotel revenue margins.

Seasonal fluctuations in our merchant hotel bookings affect the timing of our annual cash flows. During the first half of the year, hotel bookings have traditionally exceeded stays, resulting in much higher cash flow related to working capital. During the second half of the year, this pattern reverses and cash flows are typically negative. While we expect the impact of seasonal fluctuations to continue, merchant hotel growth rates, changes to the model or booking patterns, changes in the relative mix of merchant hotel transactions compared with transactions in our working capital consuming businesses, including ETP, as well as the transformation of the HomeAway vacation rental listing business, may counteract or intensify the anticipated seasonal fluctuations.

As of March 31, 2018, we had a deficit in our working capital of $2.6 billion, which increased compared to the deficit of $2.3 billion as of December 31, 2017. The change in the deficit was primarily due to investing and financing activities, including capital expenditures and purchase of treasury stock.

We continue to invest in the development and expansion of our operations. Ongoing investments include but are not limited to improvements in infrastructure, which include our servers, networking equipment and software, release improvements to our software code, platform migrations and consolidation and search engine marketing and optimization efforts. In addition, in 2016, we began our expansion into the cloud computing environment. While our cloud computing expenses have increased and are expected to continue to increase significantly over the next few years, they are expected to result in lower overall capital expenditures related to our data centers over time. Our future capital requirements may include
capital needs for acquisitions (including purchases of non-controlling interest), share repurchases, dividend payments or expenditures in support of our business strategy; thus reducing our cash balance and/or increasing our debt. Excluding capital expenditures associated with the build out of our new corporate headquarters, we expect total capital expenditures for full year 2018 to increase over 2017 spending levels. Our current estimates for the new headquarters total approximately $800 to $900 million, with final estimates contingent on completion of design plans and final determination of completed office space required in the initial build out. Of the total approximately $30 million was spent in 2016 and approximately $70 million in 2017. We plan to make significant progress on our corporate headquarters building in the coming year, spending approximately $230 million in 2018, with approximately $30 million spent in the first quarter of 2018, followed by nearly $450 million in 2019, when we expect to begin to move into the campus.

For the three months ended March 31, 2018, net cash provided by operating activities decreased by $12 million primarily due to lower operating income after adjusting for impacts of depreciation and amortization and higher tax and interest payments, partially offset by an increase in benefits from other working capital adjustments.

For the three months ended March 31, 2018, cash used in investing activities decreased by $222 million primarily due to lower net purchases of investments of $224 million in the current period.

For the three months ended March 31, 2018, cash used in financing activities primarily included cash paid to acquire shares of $202 million, including the repurchased shares under the authorizations discussed below, and a $46 million cash dividend payment, partially offset by $20 million of proceeds from the exercise of options and employee stock purchase plans. For the three months ended March 31, 2017, cash used in financing activities primarily included cash paid to acquire shares of $45 million and a $42 million cash dividend payment, partially offset by $58 million of proceeds from the exercise of options and employee stock purchase plans.

In February 2015, the Executive Committee, acting on behalf of the Board of Directors, authorized a repurchase of up to 10 million shares of our common stock. During the three months ended March 31, 2018 and 2017, we repurchased, through open market transactions, 1.8 million and 0.3 million shares under these authorization for a total cost of $191 million and $39 million, excluding transaction costs. As of March 31, 2018, there were approximately 3.2 million shares remaining under the 2015 repurchase authorization. Subsequent to the end of the first quarter of 2018, we repurchased an additional 0.7 million shares for a total cost of $77 million, excluding transaction costs, representing an average purchase price of $107.98 per share. On April 26, 2018, we announced the Executive Committee, acting on behalf of the Board of Directors, authorized a repurchase of up to an additional 15 million shares of our common stock and as of that date 17.4 million shares remain authorized for repurchase under the 2015 and 2018 authorizations. There is no fixed termination date for the repurchases.

During the first three months of 2018 and 2017, the Executive Committee, acting on behalf of the Board of Directors, declared and we paid the following dividends:

In addition, in April 2018, the Executive Committee, acting on behalf of the Board of Directors, declared a quarterly cash dividend of $0.30 per share of outstanding common stock payable on June 14, 2018 to stockholders of record as of the close of business on May 24, 2018. Future declarations of dividends are subject to final determination by our Board of Directors.
The effect of foreign exchange on our cash and restricted cash balances denominated in foreign currency for the three months ended March 31, 2018, compared to the same period in 2017, showed a net change of $(14) million reflecting higher net appreciations in foreign currencies in the prior year period compared to the current year period.

In our opinion, available cash, funds from operations and available borrowings will provide sufficient capital resources to meet our foreseeable liquidity needs. There can be no assurance, however, that the cost or availability of future borrowings, including refinancings, if any, will be available on terms acceptable to us.

Contractual Obligations, Commercial Commitments and Off-balance Sheet Arrangements

There have been no material changes outside the normal course of business to our contractual obligations and commercial commitments since December 31, 2017. Other than our contractual obligations and commercial commitments, we did not have any off-balance sheet arrangements as of March 31, 2018 or December 31, 2017.

EXPIEDIA GROUP, INC. RESTRICTED STOCK UNIT AGREEMENT

THIS RESTRICTED STOCK UNIT AGREEMENT, including any special terms and conditions set forth in any appendix for the Participant's country (the "Appendix" and, together, this "Agreement"), dated as of the Award Date, is concluded by and between Expedia Group, Inc., a U.S. Delaware corporation (the "Corporation"), and the undersigned employee of the Corporation, Affiliate or Subsidiary (the "Participant").

All capitalized terms used herein, to the extent not defined, shall have the meanings set forth in the Corporation's Fourth Amended and Restated 2005 Stock and Annual Incentive Plan (as amended from time to time, the "Plan"). Reference is made to the Summary of Award (the "Summary of Award"), which may be found on the Morgan Stanley StockPlan Connect website at www.stockplanconnect.com (or any successor system selected by the Corporation).

1. **Award, Vesting and Settlement of Restricted Stock Units**

   (a) Subject to the terms and conditions of this Agreement and the Plan, the Corporation hereby grants the Restricted Stock Units to the Participant pursuant to Section 7 of the Plan. The Summary of Award sets forth the number of Restricted Stock Units granted to the Participant by the Corporation and the Award Date (among other information).

   (b) Subject to the terms and conditions of this Agreement and the Plan, and the Participant's continuous employment by the Corporation or one of its Subsidiaries or Affiliates, or the Participant's continuous provision of services to the Corporation or one of its Subsidiaries or Affiliates, the Restricted Stock Units shall vest equally on [•] in each of the first four years following the Award Date and, to the extent vested, no longer be subject to any restriction following such vesting (such period during which restrictions apply is the "Restriction Period").

   (c) As soon as practicable after any Restricted Stock Units have vested (but, in no event later than March 15 of the calendar year following the end of the calendar year in which the Restricted Stock Units vest), such Restricted Stock Units shall be settled. Subject to Section 6 herein (pertaining to the withholding of taxes), for each Restricted Stock Unit settled pursuant to this Section, the Corporation shall issue one Share for each vested Restricted Stock Unit (either by delivering one or more certificates for such Shares or by entering such Shares in book entry form, as determined by the Committee in its discretion). Notwithstanding the foregoing, the Corporation shall be entitled to hold the Shares issuable upon settlement of Restricted Stock Units that have vested until the Corporation or the agent selected by the Corporation to manage the Plan under which the Restricted Stock Units have been issued (the "Agent") shall have received from the Participant a duly executed Form W-9 or W-8, or such other form required by the tax authorities, as applicable.

2. **Termination of Employment**

   (a) If the Participant ceases to be an employee of, or to provide services to, the Corporation or any Affiliate or Subsidiary (for any reason whatsoever, whether or not later found to be invalid or in breach of employment laws in the jurisdiction where the Participant is employed or providing services, or the terms of the Participant's employment or service agreement, if any), the Participant shall not be entitled by way of compensation for loss of office or otherwise howsoever to any sum or other benefit to compensate the Participant for the loss of any rights under this Agreement or the Plan, and in consideration of the grant of Restricted Stock Units, the Participant agrees not to institute any claim against the Corporation or any Subsidiary or Affiliate.

   (b) For purposes of the Restricted Stock Unit Award, the date of Termination of Employment will be the date the Participant is no longer actively providing services to the Corporation or
any Subsidiary or Affiliate (regardless of the reason for such termination and whether or not later found to be invalid or in breach of employment laws in the jurisdiction where the Participant is employed or providing services, or the terms of the Participant's employment or service agreement, if any). The Committee shall have the exclusive discretion to determine when the Participant is no longer actively employed or providing services for purposes of his or her Restricted Stock Unit Award (including whether the Participant may still be considered to be providing services while on a leave of absence).

Notwithstanding any terms or conditions of the Plan to the contrary, in the event of Participant's Termination of Employment, the Participant's right to receive the Restricted Stock Unit Award and for it to vest under the Plan, if at all, will terminate effective as of such date of Termination of Employment and any unvested Restricted Stock Units will be forfeited effective as of such date.

(c) Notwithstanding the provisions of Section 1(b), if any Restricted Stock Units vest within two years prior to (i) the Participant's Termination of Employment for Cause, or (ii) the Participant's voluntarily Termination of Employment within two years after any event or circumstance that would have been grounds for a Termination of Employment for Cause, the Corporation shall be entitled to recover from the Participant, at any time within two years following such vesting, and the Participant shall pay over to the Corporation on demand, an amount equal to the aggregate Fair Market Value of the Common Stock subject to such vesting.

3. **Non-Transferability of the Restricted Stock Units**

   Except as determined by the Committee, Awards under the Plan are not transferable except by will or by laws of descent and distribution.

4. **Rights as a Stockholder**

   Except as otherwise specifically provided in this Agreement, during the Restriction Period, the Participant shall not be entitled to any voting rights, rights to dividends or any other rights of a stockholder with respect to the Restricted Stock Units.

5. **Adjustment in the Event of Change in Stock; Change in Control**

   Upon the occurrence of certain events relating to the Corporation's Common Stock contemplated by Section 3(d) of the Plan, the Committee shall make adjustments in accordance with such Section. Unless otherwise determined by the Committee, in the event of a Change in Control, the provisions of Section 10 of the Plan shall apply.

6. **Taxes and Withholding**

   (a) The Participant acknowledges that, regardless of any action taken by the Corporation or, if different, the Subsidiary or Affiliate which employs the Participant or for which the Participant otherwise renders services (the "Employer"), the ultimate liability for all income tax, social insurance, payroll tax, fringe benefits tax, payment on account or other tax-related items related to the Participant's participation in the Plan and legally applicable to the Participant (the "Tax-Related Items") is and remains the Participant's responsibility and may exceed the amount, if any, actually withheld by the Corporation or the Employer. The Participant further acknowledges that the Corporation and/or the Employer (1) make no representations or undertakings regarding the treatment of any Tax-Related Items in connection with any aspect of the Restricted Stock Unit Award, including, but not limited to, the grant and vesting of the Restricted Stock Units, the receipt of cash or any dividends and the subsequent sale of the Shares issued at settlement of the Restricted Stock Units; and (2) do not commit to and are under no obligation to structure the terms of the Award or any aspect of the Restricted Stock Units to reduce or eliminate the Participant's liability for Tax-Related Items or achieve any particular tax result. Further, the Participant acknowledges that, if the Participant is subject to Tax-Related Items in more than one jurisdiction, the
Corporation and/or the Employer (or former employer, as applicable) may be required to withhold or account for Tax-Related Items in more than one jurisdiction.

(b) The Participant agrees to make, prior to any relevant taxable or tax withholding event, as applicable, adequate arrangements satisfactory to the Corporation, and/or the Employer (or former employer) to satisfy all Tax-Related Items. In this regard, the Participant authorizes the Corporation and/or Employer, or their respective agents, at their discretion, to satisfy any applicable withholding obligations with regard to all applicable Tax-Related Items by one or a combination of the following:

   i. withholding from the Participant's wages or other cash compensation paid to the Participant by the Corporation or the Employer; or

   ii. withholding from proceeds of the sale of Shares acquired upon settlement of the Restricted Stock Units either through a voluntary sale or through a mandatory sale arranged by the Corporation (on the Participant's behalf pursuant to this authorization without further consent), or

   iii. withholding in Shares to be issued upon settlement of the Restricted Stock Units, provided, however, that if the Participant is a Section 16 officer of the Corporation under the Exchange Act, then the Corporation will withhold in Shares upon the relevant tax withholding event, unless the use of such withholding method is problematic under applicable tax or securities law or has materially adverse accounting consequences, in which case, the obligation for Tax-Related Items will be satisfied by method (1) above.

(c) The Corporation may withhold or account for Tax-Related Items by considering applicable minimum statutory withholding rates or other applicable withholding rates in the Participant's country, including maximum applicable rates, in which case the Participant may receive a refund of any over-withheld amount in cash and will have no entitlement to the Common Stock equivalent. If the obligation for Tax-Related Items is satisfied by withholding in Shares, for tax purposes, the Participant is deemed to have been issued the full number of Shares subject to the vested Restricted Stock Units, notwithstanding that a number of the Shares are held back solely for the purpose of paying the Tax-Related Items.

(d) Finally, the Participant agrees to pay to the Corporation or the Employer any amount of Tax-Related Items that the Corporation or the Employer may be required to withhold as a result of the Participant's participation in the Plan that cannot be satisfied by the means previously described. The obligations of the Corporation under this Agreement shall be conditioned on compliance by the Participant with this Section 6. The Corporation may refuse to issue or deliver the Shares or the proceeds of the sale of Shares if the Participant fails to comply with his or her obligations in connection with the Tax-Related Items as described in this Section 6.

7. Other Restrictions

(a) The Participant acknowledges that the Participant is subject to the Corporation's policies regarding compliance with securities laws, including but not limited to its Securities Trading Policy (as in effect from time to time and any successor policies), and, pursuant to these policies, the Participant may be prohibited from selling Shares issued upon vesting of the Restricted Stock Units other than during an open trading window.

(b) The Participant acknowledges that the Participant may be subject to stock ownership guidelines and/or clawback policies applicable to certain senior executives of the Corporation as in effect from time to time, and the Restricted Stock Units and this Agreement shall constitute good and valuable consideration for such acknowledgment and agreement.
The Participant acknowledges that he or she may be subject to insider trading restrictions and/or market abuse laws in applicable jurisdictions, including the United State and, if different, the Participant's country, the 'Agent's country and/or the country where Shares are listed, which may affect the Participant's ability to directly or indirectly, for him- or herself or for a third party, accept or otherwise acquire, or sell, attempt to sell or otherwise dispose of, Shares or rights to Shares (e.g., the Restricted Stock Units) under the Plan during such times as the Participant is considered to have "inside information" regarding the Corporation (as defined by the laws or regulations in the applicable jurisdiction) or the trade in Shares or the trade in rights to Shares under the Plan. Local insider trading laws and regulations may prohibit the cancellation or amendment of orders the Participant places before he or she possessed inside information. Furthermore, the Participant could be prohibited from (1) disclosing the inside information to any third party (other than on a "need to know" basis) and (2) "tipping" third parties or otherwise causing them to buy or sell securities; keeping in mind that the term "third parties" includes fellow employees. Any restrictions under these laws or regulations are separate from and in addition to the restrictions imposed under the Corporation's Securities Trading Policy or other insider trading policy. The Participant further acknowledges that it is the Participant's responsibility to comply with any applicable restrictions and that the Participant should speak to a personal legal advisor on this matter.

Notwithstanding any other terms and conditions of the Plan or this Agreement, unless there is an available exemption from any registration, qualification or other legal requirement applicable to the Shares, the Corporation shall not be required to deliver any Shares issuable upon vesting of the Restricted Stock Units prior to the completion of any registration or qualification of the Shares under any U.S. or non-U.S. local, state or federal securities or exchange control law or under rulings or regulations of the Commission or of any other governmental regulatory body, or prior to obtaining any approval or other clearance from any local, state, federal or foreign governmental agency, which registration, qualification or approval the Corporation shall, in its absolute discretion, deem necessary or advisable. The Participant understands that the Corporation is under no obligation to register or qualify the Shares with the Commission or any state or non-U.S. securities commission or to seek approval or clearance from any governmental authority for the issuance or sale of the Shares. Further, the Participant agrees that the Corporation shall have unilateral authority to amend the Plan and the Agreement without the Participant's consent to the extent necessary to comply with securities or other laws applicable to issuance of Shares.

8. **Nature of Award**

   In accepting the Restricted Stock Unit Award, the Participant acknowledges that:

   (a) the Plan is established voluntarily by the Corporation, it is discretionary in nature and it may be modified, amended, suspended or terminated by the Corporation at any time, to the extent permitted in the Plan;

   (b) the Award of the Restricted Stock Units is exceptional, voluntary and occasional and does not create any contractual or other right to receive future awards of restricted stock units, benefits in lieu of restricted stock units or other Awards, even if restricted stock units have been awarded in the past;

   (c) all decisions with respect to future awards of restricted stock units, if any, will be at the sole discretion of the Corporation;

   (d) the Award of the Restricted Stock Units and the Participant's participation in the Plan will not create a right to employment or service or be interpreted as forming or amending an
employment or service contract with of the Corporation and shall not interfere with the ability of the Employer to terminate the 
Participant's employment or service relationship (if any);

(e) the Participant is voluntarily participating in the Plan;

(f) the Award of the Restricted Stock Units and the Shares subject to the Restricted Stock Units, and the income from and value of 
same, are not intended to replace any pension rights or compensation;

(g) unless otherwise agreed with the Corporation, the Restricted Stock Units and the Shares subject to the Restricted Stock Units, and 
the income from and value of same, are not granted as consideration for, or in connection with, the service the Participant may 
provide as a director of a Subsidiary or an Affiliate;

(h) the Award of the Restricted Stock Units and the Shares underlying the Restricted Stock Units, and the income from and value of 
same, are not intended to replace any pension rights or compensation;

(i) the future value of the Shares subject to the Restricted Stock Units is unknown and cannot be predicted with certainty;

(j) if the Participant vests in the Restricted Stock Units and acquires Shares, the value of such Shares may increase or decrease in 
value; and

(k) the following provisions apply only if the Participant is providing services outside the United States:

   i. the Award of the Restricted Stock Units and the Shares underlying the Restricted Stock Units, and the income from and 
      value of same, are not part of normal or expected compensation or salary for any purpose; and

   ii. neither the Corporation, the Employer nor any other Subsidiary or Affiliate will be liable for any foreign exchange rate 
      fluctuation between the Participant's local currency and the United State Dollar that may affect the value of the Restricted 
      Stock Units or of any amounts due to the Participant pursuant to the vesting of the Restricted Stock Units or the subsequent 
      sale of any Shares acquired upon vesting.

The waiver by either party of compliance with any provision of this Agreement shall not operate or be construed as a waiver of any other provision of this Agreement, or of any subsequent breach by such party of a provision of this Agreement.
The headings of paragraphs herein are included solely for convenience of reference and shall not affect the meaning or interpretation of any of the provisions of this Agreement.

16. Data Privacy

   a. The Participant hereby explicitly and unambiguously consents to the collection, use and transfer, in electronic or other form, of his or her personal data as described in this Agreement by and among, as applicable, the Corporation, the Employer and any other Subsidiaries and Affiliates (the "Group") for the purposes described in this Agreement and any other Award materials, including:

   (8) subject to applicable law, any other purposes set out in this Agreement.

   b. The Participant understands and acknowledges that the Group holds, or may hold, certain personal data about him or her, including, but not limited to, his or her name, home address and telephone number, email address, date of birth, social insurance, passport or other identification number, salary, nationality, job title, any Shares or directorships held in the Corporation, details of all Awards or any other entitlements to Shares or equivalent benefits awarded, cancelled, purchased, exercised, vested, unvested or outstanding in the Participant's favor ("Data"), for the purpose of implementing, administering and managing the Plan.

   c. The Participant understands, acknowledges and agrees that Data may be transferred to Morgan Stanley, or such other stock plan service provider as may be selected by the Corporation in the future, which is assisting the Corporation with the implementation, administration and management of the Plan, that these recipients may be located in the United States, the Participant's country of residence or elsewhere, and that the recipient's country may have different data privacy laws and protections to those of the Participant's country. any such recipients (presently or in the future) to receive, collect, possess, use, retain, disclose and transfer Data, in electronic or other form, for the purposes of implementing, administering and managing the Participant’s participation in the Plan, including any requisite transfer of such Data to the Agent or other third party with whom the Participant may elect to deposit any Shares acquired.    d. The Participant understands that he or she is providing the consents herein on a purely voluntary basis. If the Participant does not consent, or if the Participant later seeks to revoke his or her consent, the Participant’s employment or other service with the Employer will not be affected; the only consequence of refusing or withdrawing the Participant’s consent is that the Corporation would not be able to grant restricted stock units or other Awards to the Participant or administer or maintain such Awards. Therefore, the Participant understands that refusing or withdrawing his or her consent may affect his or her ability to participate in the Plan. For more information on the consequences of refusal to consent or withdrawal of consent, the Participant may contact the local human resources representative.

   e. Finally, the Participant agrees, upon request of the Corporation or the Employer, to provide a separate executed data privacy consent form (or any other agreements or consents that may be required by the Corporation and/or the Employer) that the Corporation and/or the Employer may deem necessary to be obtained from the Participant for the purpose of administering participation in the Plan in compliance with the data privacy laws in Participant’s country, either now or in the future. The Participant understands and agrees that he or she will not be able to participate in the Plan if her or she fails to provide any such consent or agreement requested by the Corporation and/or the Employer.

17. Choice of Language

The Participant acknowledges and represents that he or she is proficient in the English language and understands the terms of this Agreement and any other document related to the Plan. If the Participant has received this Agreement and/or any other document related to the Plan translated into a language other than English and if the meaning of the translated version is different than the English version in any way, the English version will control.

18. Electronic Delivery and Acceptance

(a) The Corporation may, in its sole discretion, decide to deliver any documents related to the Restricted Stock Units awarded under, and participation in, the Plan or future options that may be awarded under the Plan by electronic means or to request the Participant's consent to participate in the Plan by electronic means. The Participant hereby consents to receive such documents by electronic delivery and, if requested, to agree to participate in the Plan through an online or electronic system established and maintained by the Agent or Corporation or a third party designated by the Corporation.

(b) Electronic acceptance of this Agreement pursuant to the Corporation's instructions to the Participant (including through an online acceptance process managed by the Agent or Corporation or another third party designated by the Corporation) shall constitute execution of the Agreement by the Participant.
19. **Appendix**

Notwithstanding any terms of conditions of this Restricted Stock Unit Agreement, the Restricted Stock Units shall be subject to any special terms and conditions set forth in any Appendix for the Participant's country. Moreover, if the Participant relocates to one of the countries included in the Appendix, the special terms and conditions for such country will apply to the Participant, to the extent the Corporation determines that the application of such terms and conditions is necessary or advisable for legal or administrative reasons. The Appendix constitutes part of this Restricted Stock Unit Agreement.

20. **Imposition of Other Requirements**

The Corporation reserves the right to impose other requirements on the Participant's participation in the Plan, on the Restricted Stock Units and on any Shares acquired under the Plan, to the extent the Corporation determines it is necessary or advisable for legal or administrative reasons, and to require the Participant to sign any additional agreements or undertakings that may be necessary to accomplish the foregoing.

21. **Foreign Asset / Account Reporting Requirements, Exchange Controls.**

The Participant's country may have certain foreign asset and/or account reporting requirements and exchange controls which may affect the Participant's ability to acquire or hold Shares under the Plan or cash received from participating in the Plan (including from any dividends received or sale proceeds arising from the sale of Shares) in a brokerage or bank account outside the Participant's country. The Participant understands that he or she may be required to report such accounts, assets or transactions to the tax or other authorities in the Participant's country. The Participant also may be required to repatriate sale proceeds or other funds received as a result of participation in the Plan to his or her country through a designated bank or broker and/or within a certain time after receipt. The Participant acknowledges that it is the Participant's responsibility to be compliant with all such requirements, and that the Participant should consult a personal legal and tax advisor, as applicable, to ensure the Participant's compliance.

22. **No Advice Regarding Grant**

The Corporation is not providing any tax, legal or financial advice, nor is the Corporation making any recommendations regarding participation in the Plan, or the Participant's acquisition or sale of the underlying Shares. The Participant understands and acknowledges that he or she should consult with his or her own personal tax, legal and financial advisors regarding the Participant's participation in the Plan before taking any action related to the Plan.

IN WITNESS WHEREOF, the Corporation's duly authorized representative and the Participant have each executed this Agreement.

FOURTH AMENDED AND RESTATED
2005 STOCK AND ANNUAL INCENTIVE PLAN

RESTRICTED STOCK UNIT AGREEMENT

Capitalized terms used but not defined herein shall have the meanings ascribed to them in the Plan and/or the Restricted Stock Unit Agreement to which this Appendix is attached.

Terms and Conditions

This Appendix includes additional terms and conditions that govern the Restricted Stock Units granted to the Participant under the Plan if the Participant resides and/or works in one of the countries listed below.

If the Participant is a citizen or resident of a country other than the one in which he or she is currently working and/or residing, transfers to another country after the Grant Date or is considered a resident of another country for local law purposes, the Corporation shall, in its discretion, determine the extent to which the special terms and conditions contained herein shall be applicable to the Participant.

Notifications

This Appendix also includes information regarding exchange controls and certain other issues of which the Participant should be aware with respect to the Participant's participation in the Plan. The information is based on the securities, exchange control and other laws in effect in the respective countries as of February 2018. Such laws are often complex and change frequently. As a result, the Corporation strongly recommends that the Participant not rely on the information noted herein as the only source of information relating to the consequences of the Participant's participation in the Plan because the information may be out of date by the time the Participant vests in the Restricted Stock Units or sells the Shares issued upon settlement of the Restricted Stock Units.

In addition, the information contained in this Appendix is general in nature and may not apply to the Participant's particular situation, and the Corporation is not in a position to assure the Participant of any particular result. Accordingly, the Participant is advised to seek appropriate professional advice as to how the applicable laws in his or her country may apply to his or her situation.

Finally, the Participant understands that if he or she is a citizen or resident of a country other than the one in which he or she is currently residing and/or working, transfers to another country after the Grant Date, or is considered a resident of another country for local law purposes, the notifications contained herein may not be applicable to the Participant in the same manner.
**ARGENTINA**

**Terms and Conditions**

**Nature of Award.** This provision supplements Section 8 ("Nature of Award") of the Restricted Stock Unit Agreement:

In accepting the Restricted Stock Units, the Participant acknowledges and agrees that the Restricted Stock Unit Award is granted by the Corporation (not the Employer) in its sole discretion and that the value of the Restricted Stock Units or any Shares acquired under the Plan shall not constitute salary or wages for any purpose under Argentine labor law, including, but not limited to, the calculation of (i) any labor benefits including, but not limited to, vacation pay, thirteenth salary, compensation in lieu of notice, annual bonus, disability, and leave of absence payments, etc., or (ii) any termination or severance indemnities or similar payments.

If, notwithstanding the foregoing, any benefits under the Plan are considered for purposes of calculating any termination or severance indemnities under Argentine labor law, the Participant acknowledges and agrees that such benefits shall not accrue more frequently than on an annual basis.

**Notifications**

**Securities Law Notification.** Neither the Restricted Stock Units nor the underlying Shares are publicly offered or listed on any stock exchange in Argentina and, as a result, have not been and will not be registered with the Argentine Securities Commission ("CNV"). The offer is private and not subject to the supervision of any Argentine governmental authority. Neither this nor any other offering material related to the Restricted Stock Units nor the underlying Shares may be utilized in connection with any general offering to the public in Argentina. Argentine residents who acquire Shares under the Plan do so according to the terms of a private offering made from outside Argentina.

**Exchange Control Notification.** Exchange control regulations in Argentina are subject to frequent change. It is the Participant’s responsibility to comply with any and all Argentine currency exchange restrictions, approvals, and reporting requirements in connection with the Restricted Stock Units. The Participant should consult with a personal legal advisor to ensure compliance with the applicable requirements.

**Foreign Asset / Account Reporting Notification.** If the Participant is an Argentine tax resident, the Participant must report any Shares acquired under the Plan and held by the Participant on December 31 of each year on his or her annual tax return for that year. The Participant should consult with a personal legal advisor to ensure compliance with the applicable requirements.

**AUSTRALIA**

**Terms and Conditions**

**Australia Offer Document.** The offer of the Restricted Stock Units is intended to comply with the provisions of the Corporations Act 2001, Australian Securities & Investments Commission ("ASIC") Regulatory Guide 49 and ASIC Class Order CO 14/1000. Additional details are set forth in the Offer Document for the offer of Restricted Stock Units to Australian Resident Participants, which will be provided to the Participant with this Agreement.

**Notifications**

**Tax Notification.** The Plan is a plan to which Subdivision 83A-C of the Income Tax Assessment Act 1997 (Cth) applies (subject to conditions in the Act).

**Exchange Control Notification.** Exchange control reporting is required for cash transactions exceeding AUD10,000 and for international fund transfers. If an Australian bank is assisting with the transaction, the bank will file the report on behalf of the Participant.
Belgium

Notifications

Foreign Asset/Account Reporting Notification. Belgian residents are required to report any securities held (including Shares) or bank accounts opened outside Belgium in their annual tax return. In a separate report, Belgian residents are required to provide the National Bank of Belgium with the account details of any such foreign accounts (including the account number, bank name and country in which such account was opened). The forms to complete this report are available on the National Bank of Belgium website.

Stock Exchange Tax Notification. A stock exchange tax applies to transactions executed by a Belgian resident through a non-Belgian financial intermediary, such as a U.S. broker. The stock exchange tax likely will not apply when the Restricted Stock Units vest, but likely will apply when Shares are sold. The Participant should consult with a personal tax or financial advisor for additional details on the Participant's obligations with respect to the stock exchange tax.

Asset Tax Notification. Belgian resident individuals may be subject to tax on security accounts if the total average annual value of securities (e.g., Shares) held exceeds EUR500,000.

Brazil

Terms and Conditions

Compliance with the Law. By accepting the Restricted Stock Units, the Participant acknowledges his or her agreement to comply with applicable Brazilian laws and to pay any and all applicable Tax-Related Items.

Nature of Award. This provision supplements Section 8 ("Nature of Award") of the Restricted Stock Unit Agreement:

By accepting the Restricted Stock Units, the Participant agrees that (i) the Participant is making an investment decision, (ii) the Restricted Stock Units will vest only if the vesting conditions are met, and (iii) the value of the underlying Shares is not fixed and may increase or decrease over the vesting period without compensation to the Participant.

Further, the Participant acknowledges and agrees that, for all legal purposes, (i) any benefits provided to the Participant under the Plan are unrelated to his or her employment or service; (ii) the Plan is not a part of the terms and conditions of the Participant's employment or service; and (iii) the income from the Participant's participation in the Plan, if any, is not part of his or her remuneration from employment or service.

Notifications

Exchange Control Notification. The Participant may be required to submit a declaration of assets and rights held outside Brazil to the Central Bank of Brazil. If the aggregate value of such assets and rights exceeds US$100,000, the declaration is required on an annual basis. If the aggregate value of such assets and rights exceeds US$100,000,000, the declaration is required on a quarterly basis. Assets and rights that must be reported include Shares acquired under the Plan. This requirement and the applicable thresholds are subject to change on an annual basis.

Tax on Financial Transaction (IOF). Payments to foreign countries and the repatriation of funds into Brazil and the conversion between the Brazilian Real and the United States Dollar associated with such fund transfers may be subject to the IOF (i.e., tax on financial transactions). The Participant is solely responsible for complying with any applicable IOF arising from the Participant's participation in the Plan. The Participant should consult with a personal tax advisor for additional details.

Canada
Settlement of Restricted Stock Units. Notwithstanding any discretion in the Plan, the Restricted Stock Units shall be settled only in Shares. The Participant shall not be entitled to receive a cash payment upon vesting of the Restricted Stock Units.

Termination of Employment. The following provision supplements Section 2 ("Termination of Employment") of the Restricted Stock Unit Agreement:

The Participant's Termination of Employment (regardless of the reason for such termination and whether or not later found to be invalid or in breach of employment laws in the jurisdiction where the Participant is employed or providing services, or the terms of the Participant's employment or service agreement, if any) will be deemed to have occurred as of the earliest of: (a) the date that the Participant's employment or service relationship with the Corporation or any of its Subsidiaries or Affiliates is terminated; (b) the date that the Participant receives notice of termination of the Participant's employment or service relationship; and (c) the date that the Participant is no longer actively providing services to the Corporation or any of its Subsidiaries or Affiliates, regardless of any notice period or period of pay in lieu of such notice required under applicable employment law in the jurisdiction where the Participant is employed or providing services or the terms of the Participant's employment agreement, if any.

The following provisions apply to residents of Quebec:

Data Privacy. The following provision supplements Section 16 ("Data Privacy") of the Restricted Stock Unit Agreement:

The Participant hereby authorizes the Corporation and the Corporation's representatives to discuss with and obtain all relevant information from all personnel, professional or non-professional, involved in the administration and operation of the Plan. The Participant further authorizes the Corporation, any Subsidiary or Affiliate, the Committee, and the Agent to disclose and discuss the Plan with their advisors and to record all relevant information and keep such information in the Participant's employee file.

Language Consent. The parties acknowledge that it is their express wish that this Agreement, as well as all documents, notices and legal proceedings entered into, given or instituted pursuant hereto or relating directly or indirectly hereto, be drawn up in English.

Notifications

Securities Law Notification. Shares acquired under the Plan may not be sold or otherwise disposed of within Canada. The Participant may sell the Shares acquired under the Plan only through Morgan Stanley or such other stock plan service provider selected by the Corporation in the future, provided the sale of Shares takes place outside of Canada through the facilities of a stock exchange on which the Shares are traded. The Shares are currently traded on the Nasdaq Global Select Market.

Foreign Asset/Account Reporting Notification. Specified foreign property, including shares and rights to receive shares (e.g., stock options, restricted stock units) of a non-Canadian company held by a Canadian resident must generally be reported annually on a Form T1135 (Foreign Income Verification Statement) if the total cost of the foreign property exceeds C$100,000 at any time during the year. Thus, the Restricted Stock Units must be reported (generally at a nil cost) if the C$100,000 cost threshold is exceeded because of other specified foreign property held by the Participant. When Shares are acquired, their cost generally is the adjusted cost base ("ACB") of the Shares. The ACB would ordinarily equal the fair market value of
the Shares at the time of acquisition, but if the Participant owns other Shares, this ACB may have to be averaged with the ACB of the other Shares. The Participant should consult a personal tax advisor to ensure compliance with applicable reporting obligations.

**CHILE**

**Notifications**

*Securities Law Notification.* The offer of Restricted Stock Units constitutes a private offering of securities in Chile effective as of the Grant Date. This offer of Restricted Stock Units is made subject to general ruling N° 336 of the Chilean Commission for the Financial Market ("CMF"). The offer refers to securities not registered at the securities registry or at the foreign securities registry of the CMF, and, therefore, such securities are not subject to oversight of the CMF. Given that the Restricted Stock Units are not registered in Chile, the Corporation is not required to provide public information about the Restricted Stock Units or the Shares in Chile. Unless the Restricted Stock Units and/or the Shares are registered with the CMF, a public offering of such securities cannot be made in Chile.

*Información Bajo la Ley de Mercado de Valores.* Esta oferta de Unidades de Acciones Restringidas constituye una oferta privada de valores en Chile y se inicia en la Fecha de la Concesión. Esta oferta de Unidades de Acciones Restringidas se acoge a las disposiciones de la Norma de Carácter General N° 336 ("NCG 336") de la Comisión para el Mercado ("CMF"). Esta oferta versa sobre valores no inscritos en el Registro de Valores o en el Registro de Valores Extranjeros que lleva la CMF, por lo que tales valores no están sujetos a la fiscalización de ésta. Por tratarse los Unidades de Acciones Restringidas no registrados en Chile, no existe obligación por parte de la Corporación de entregar en Chile información pública respecto de los Unidades de Acciones Restringidas or sus Acciones. Estos Valores no podrán ser objeto de oferta pública en Chile mientras no sean inscritos en el Registro de Valores correspondiente.

*Exchange Control and Tax Notification.* The Participant is not required to repatriate proceeds obtained from the sale of Shares or from dividends to Chile; however, if the Participant decides to repatriate proceeds from the sale of Shares and/or dividends and the amount of the proceeds to be repatriated exceeds US$10,000, the Participant must effect such repatriation through the Formal Exchange Market (i.e., a commercial bank or registered foreign exchange office). In such case, the Participant must report the payment to the commercial bank or registered foreign exchange office receiving the funds.

Further, if the value of the Participant's aggregate investments held outside of Chile exceeds US$5,000,000 (including the value of Shares acquired under the Plan), the Participant must report the status of such investments annually to the Central Bank using Annex 3.1 of Chapter XII of the Foreign Exchange Regulations.

*Foreign Asset/Account Reporting Notification.* Chilean taxpayers are required to inform the Chilean Internal Revenue Service (the "CIRS") annually of (i) the results of investments held abroad, and (ii) any taxes paid abroad which will be used as credit against Chilean income tax. The Form 1929 disclosing this information (and which replaced Forms 1851 and 1853 effective June 30, 2017) must be submitted electronically through the CIRS website before March 15 of each year: www.sii.cl. Chilean taxpayers who fail to meet these requirements may be ineligible to receive certain foreign tax credits.

**COLOMBIA**

**Terms and Conditions**

A-5
**Labor Law Acknowledgement.** This provision supplements the acknowledgement contained in Section 8 ("Nature of Award") of the Restricted Stock Unit Agreement:

Pursuant to Article 128 of the Colombian Labor Code, the Plan and related benefits do not constitute a component of the Participant’s "salary" for any legal purpose. Therefore, the Restricted Stock Units and related benefits will not be included and/or considered for purposes of calculating any labor benefits, including legal/fringe benefits, vacations, indemnities, payroll taxes, social insurance contributions and/or any other labor-related amount which may be payable.

**Notifications**

**Securities Law Notification.** The Shares are not and will not be registered with the Colombian registry of publicly traded securities (Registro Nacional de Valores y Emisores) and therefore the Shares may not be offered to the public in Colombia. Nothing in the Agreement should be construed as making a public offer of securities in Colombia.

**Exchange Control Notification.** Investments in assets located outside of Colombia (including the Shares) are subject to registration with the Central Bank (Banco de la República) if the aggregate value of such investments is US$500,000 or more (as of December 31 of the applicable calendar year). Further, upon the sale of any Shares that have been registered with the Central Bank, the registration must be cancelled by March 31 of the year following the sale. The Participant may be subject to fines for failing to cancel such registration.

**Foreign Asset/Account Reporting Notification.** An annual informative return must be filed with the Colombian Tax Office detailing any assets held abroad (including Shares acquired under the Plan). If the individual value of any of these assets exceeds a certain threshold, each asset must be described in detail, including the jurisdiction in which it is located, its nature and its value.

**Terms and Conditions**

**China**

The following provision shall apply to the Participant if the Participant is subject to exchange control restrictions in the People’s Republic of China ("PRC"), as determined by the Corporation in its sole discretion.

**Settlement of Restricted Stock Units.** Notwithstanding Section 1(c) ("Award, Vesting and Settlement of Restricted Stock Units") of the Restricted Stock Unit Agreement, due to exchange control regulations in the PRC, the Participant is not entitled to receive any Shares upon settlement of the Restricted Stock Units. Instead, the Participant will receive through local payroll a cash payment equal to the fair market value of the Shares subject to the vested Restricted Stock Units, subject to any obligation to satisfy Tax-Related Items. Any references to the issuance of Shares shall not apply to the Participant.

**Costa Rica**

There are no country-specific provisions.

**Czech Republic**

**Notifications**

**Exchange Control Notification.** The Czech National Bank (the “CNB”) may request that the Participant fulfill certain reporting requirements in relation to the Restricted Stock Units and the Shares acquired under the Plan. direct investments with an aggregate value of CZK 2,500,000 or more or other foreign financial assets with a value of CZK 200,000,000 or more. Because exchange control regulations change frequently and without notice, the Participant should consult with a personal legal advisor before selling Shares, to ensure compliance with current regulations. It is solely the Participant's responsibility to comply with any Czech exchange control laws.

The Participant may have previously provided the Corporation and the Employer with, and the Corporation and the Employer may hold, certain personal information about the Participant,
including, but not limited to, the Participant's name, home address and telephone number, email address, date of birth, social insurance, passport or other identification number, salary, nationality, job title, any Shares or directorships held in the Corporation, the fact and conditions of the Participant's participation in the Plan, details of all Restricted Stock Units or any other entitlement to Shares awarded, cancelled, exercised, vested, unvested or outstanding in his or her favor ("Data"), for the purpose of implementing, administering and managing the Plan.

Further, the Participant understands that the Participant is providing the consents herein on a purely voluntary basis. If the Participant does not consent, or if the Participant later seeks to revoke his or her consent, his or her employment status or service with the Employer will not be affected; the only consequence of refusing or withdrawing his or her consent is that the Corporation would not be able to grant future Restricted Stock Units or other equity awards to the Participant or administer or maintain such awards. Notifications

Securities Law Notification. Warning: This is an offer of Restricted Stock Units, which upon vesting in accordance with the terms of the Plan and this Agreement, will be converted into Shares. The Shares give the Participant a stake in the ownership of the Corporation. The Participant may receive a return if dividends are paid on the Shares.

If the Corporation runs into financial difficulties and is wound up, the Participant will be paid only after all creditors have been paid. The Participant may lose some or all of his or her investment.

New Zealand law normally requires people who offer financial products to give information to investors before they invest. This information is designed to help investors to make an informed decision.

The usual rules do not apply to this offer because it is made under an employee share scheme. As a result, the Participant may not be given all the information usually required. The Participant will also have fewer other legal protections for this investment.

**Terms and Conditions**

**Nature of Award.** This provision supplements Section 8 ("Nature of Award") of the Restricted Stock Unit Agreement:

By accepting the Restricted Stock Units, the Participant consents to participation in the Plan and acknowledges that he or she has received a copy of the Plan.
The Participant understands that the Corporation has unilaterally, gratuitously and discretionarily decided to grant Restricted Stock Units under the Plan to individuals who may be Eligible Individuals throughout the world. This decision is a limited decision that is entered into upon the express assumption and condition that any grant will not bind the Corporation or any of its Subsidiaries or Affiliates other than as expressly set forth in the Agreement. Consequently, the Participant understands that the Restricted Stock Units are granted on the assumption and condition that the Restricted Stock Units and any Shares issued upon vesting of the Restricted Stock Units are not a part of any employment or service contract (either with the Corporation or any of its Subsidiaries or Affiliates) and shall not be considered a mandatory benefit, salary for any purpose (including severance compensation) or any other right whatsoever.

Further, the Participant understands and agrees that, unless otherwise expressly provided for by the Corporation or set forth in the Plan or the Agreement, any unvested Restricted Stock Units will be cancelled without entitlement to any Shares underlying the Restricted Stock Units if the Participant's status as an Eligible Individual is terminated for any reason, including, but not limited to: resignation, retirement, disciplinary dismissal adjudged to be with cause, disciplinary dismissal adjudged or recognized to be without good cause (i.e., subject to a "despido improcedente"), material modification of the terms of employment under Article 41 of the Workers' Statute, relocation under Article 40 of the Workers' Statute, Article 50 of the Workers' Statute, or under Article 10.3 of Royal Decree 1382/1985. The Corporation, in its sole discretion, shall determine the date when the Participant's status as an Eligible Individual has terminated for purposes of the Restricted Stock Units.

In addition, the Participant understands that this grant would not be made to the Participant but for the assumptions and conditions referred to above; thus, the Participant acknowledges and freely accepts that, should any or all of the assumptions be mistaken or should any of the conditions not be met for any reason, then any grant of, or right to, the Restricted Stock Units shall be null and void.

**Notifications**

**Securities Law Notification.** No "offer of securities to the public," as defined under Spanish law, has taken place or will take place in the Spanish territory in connection with the grant of Restricted Stock Units under the Plan. **Foreign Asset/Account Reporting Notification.** Rights or assets held outside of Spain (e.g., Shares or cash held in a foreign bank or brokerage account) with a value in excess of €50,000 per type of right or asset (e.g., Shares, cash, etc.) as of December 31, must be reported on an annual tax return. After such rights and/or assets are initially reported, the reporting obligation will only apply for subsequent years if the value of any previously-reported rights or assets increases by more than €20,000. The reporting must be completed by the following March 31.

**Share Reporting Requirement.** The acquisition, ownership and disposition of shares in a foreign company (including Shares acquired under the Plan) must be declared for statistical purposes to the Dirección General de Comercio e Inversiones (the "DGCI"), the Bureau for Commerce and Investments, which is a department of the Ministry of Economy and Competitiveness. Generally, the declaration must be filed in January for Shares owned as of December 31 of each year; however, if the value of the Shares acquired or the amount of the sale proceeds exceeds €1,502,530, the declaration must be filed within one month of the acquisition or sale, as applicable. The Participant should consult with his or her personal advisor to determine his or her obligations in this respect.

**Foreign Assets and Transaction Reporting.** Any foreign accounts (including brokerage accounts held abroad), any foreign instruments (e.g., Shares) and any transactions with non-Spanish residents (including any payments of cash or Shares made to the Participant by the Corporation or a U.S. broker), may need to
be declared electronically to the Bank of Spain if the balances in such accounts together with the value of such instruments as of December 31, or the volume of transactions with non-Spanish residents during the prior or current year, exceed €1,000,000. Once the €1,000,000 threshold has been surpassed in either respect, the Participant will generally be required to report all of his or her foreign accounts, foreign instruments and transactions with non-Spanish residents, even if the relevant threshold has not been crossed for an individual item. The Participant will generally only be required to report on an annual basis (by January 20 of each year); however, if the balances in the Participant's foreign accounts together with value of his or her foreign instruments or the volume of transactions with non-Spanish residents exceed €100,000,000, more frequent reporting will be required.

Taxes and Withholding. The following provision supplements Section 6 (“Taxes and Withholding”) of the Restricted Stock Unit Agreement:
Without limitation to Section 6 of the Restricted Stock Unit Agreement, the Participant agrees that the Participant is liable for all Tax-Related Items and hereby covenants to pay all such Tax-Related Items, as and when requested by the Corporation or the Employer or by Her Majesty’s Revenue and Customs (“HMRC”) (or any other tax authority or any other relevant authority). The Participant will be responsible for reporting and paying any income tax due on this additional benefit directly to HMRC under the self-assessment regime and for reimbursing the Corporation or the Employer (as appropriate) for the value of any employee National Insurance Contributions due on this additional benefit, which the Corporation or the Employer may recover from the Participant by any of the means referred to in the Plan or Section 6 of the Stock Option Agreement.

EXPEdia Group, Inc. stock option Agreement

This stock option Agreement, including any special terms and conditions set forth in any appendix for the Participant's country (the "Appendix" and, together, this "Agreement"), dated as of the grant date, is concluded by and between Expedia Group, Inc., a U.S. Delaware corporation (the "Corporation"), and the undersigned employee of the Corporation, Affiliate or Subsidiary (the "Participant").

All capitalized terms used herein, to the extent not defined, shall have the meanings set forth in the Corporation's Fourth Amended and Restated 2005 Stock and Annual Incentive Plan (as amended from time to time, the "Plan"). Reference is made to the Summary of Award (the "Summary of Award"), which may be found on the Morgan Stanley StockPlan Connect website at www.stockplanconnect.com (or any successor system selected by the Corporation).

1. Award, Vesting and Exercise of the Stock Option

(a) Subject to the terms and conditions of this Agreement and the Plan, the Corporation hereby grants the Stock Option to the Participant pursuant to Section 5 of the Plan. The Summary of Award sets forth the number of shares of Common Stock covered by the Stock Option, the per share exercise price of the Stock Option and the grant date of the Stock Option. The Stock Option shall be a Nonqualified Option. Unless earlier terminated pursuant to the terms of this Agreement or the Plan, the Stock Option shall expire on the seven year anniversary of the grant date.

(b) Subject to the terms and conditions of this Agreement and the Plan, and the Participant's continuous employment by the Corporation or one of its Subsidiaries or Affiliates, or the Participant's continuous provision of services to the Corporation or one of its Subsidiaries or Affiliates, the Stock Option shall vest equally on [•] in each of the first four years following the grant date.

(c) Notwithstanding the foregoing, the Corporation shall be entitled to hold the shares issuable to the Participant upon exercise of the Participant's Stock Option until the Corporation or the agent selected by the Corporation to manage the Plan under which the Stock Option has been issued (the "Agent") has received from the Participant a duly executed Form W-9 or W-8, or such other form required by the tax authorities, as applicable.

2. Termination of Employment

(a) If the Participant ceases to be an employee of or provide services to the Corporation or any Affiliate or Subsidiary (for any reason whatsoever, whether or not later found to be invalid or in breach of employment laws in the jurisdiction where the Participant is employed or providing services, or the terms of the Participant's employment or service agreement, if any), the Participant shall not be entitled by way of compensation for loss of office or otherwise howsoever to any sum or other benefit to compensate the Participant for the loss of any rights under this Agreement or the Plan, and in consideration of the grant of the Stock Option, the Participant agrees not to institute any claim against the Corporation or any Subsidiary or Affiliate.
(b) For purposes of the Stock Option, the date of Termination of Employment will be the date the Participant is no longer actively providing services to the Corporation or any Subsidiary or Affiliate (regardless of the reason for such termination and whether or not later found to be invalid or in breach of employment laws in the jurisdiction where the Participant is employed or providing services, or the terms of the Participant's employment or service agreement, if any). The Committee shall have the exclusive discretion to determine when the Participant is no longer actively employed or providing services for the purposes of his or her Stock Option (including whether the Participant may still be considered to be providing services while on a leave of absence).

Notwithstanding any terms or conditions of the Plan to the contrary, in the event of Participant's Termination of Employment, the Participant's right to vest in the Stock Option will cease as of such date of Termination of Employment and any unvested portion will be forfeited effective as of such date; furthermore, the Participant's right to exercise the Stock Option after Termination of Employment, if any, will be measured by reference to such date of Termination of Employment.

(c) The Participant agrees that, if the Participant exercises any portion of the Stock Option within two years prior to or any time after (i) the Participant's Termination of Employment for Cause, or (ii) the Participant's voluntary Termination of Employment within two years after any event or circumstance that would have been grounds for a Termination of Employment for Cause, the Corporation shall be entitled to recover from the Participant, at any time within two years following such exercise, and the Participant shall pay over to the Corporation on demand, an amount equal to the excess of (x) the aggregate Fair Market Value of the Common Stock subject to such exercise on the date of exercise over (y) the aggregate exercise price of the Common Stock subject to such exercise.

3. **Non-Transferability of the Stock Option**

Except as otherwise provided in Section 5(j) of the Plan or as determined by the Committee, the Stock Option is not transferable except by will or by laws of descent and distribution.

4. **Adjustments in the Event of Change in Stock; Change in Control**

Upon the occurrence of certain events relating to the Corporation's Common Stock contemplated by Section 3(d) of the Plan, the Committee shall make adjustments in accordance with such Section. Unless otherwise determined by the Committee, in the event of a Change in Control, the provisions of Section 10 of the Plan shall apply.

5. **Taxes and Withholding**

   (a) The Participant acknowledges that, regardless of any action taken by the Corporation or, if different, the Subsidiary or Affiliate which employs the Participant or for which the Participant otherwise renders services (the "Employer"), the ultimate liability for all income tax, social insurance, payroll tax, fringe benefits tax, payment on account or other tax-related items related to the Participant's participation in the Plan and legally applicable to the Participant (the "Tax-Related Items") is and remains the Participant's responsibility and may exceed the amount, if any, actually withheld by the Corporation or
the Employer. The Participant further acknowledges that the Corporation and/or the Employer (1) make no representations or undertakings regarding the treatment of any Tax-Related Items in connection with any aspect of the Stock Option, including, but not limited to, the grant, vesting and exercise of the Stock Option, the receipt of cash or any dividends and the subsequent sale of the Shares issued at exercise of the Stock Option; and (2) do not commit to and are under no obligation to structure the terms of the Award or any aspect of the Stock Option to reduce or eliminate the Participant’s liability for Tax-Related Items or achieve any particular tax result. Further, the Participant acknowledges that, if the Participant is subject to Tax-Related Items in more than one jurisdiction, the Corporation and/or the Employer (or former employer, as applicable) may be required to withhold or account for Tax-Related Items in more than one jurisdiction.

(b) The Participant agrees to make, prior to any relevant taxable or tax withholding event, as applicable, adequate arrangements satisfactory to the Corporation and/or the Employer (or former employer) to satisfy all Tax-Related Items. In this regard, the Participant authorizes the Corporation and/or the Employer, or their respective agents, at their discretion, to satisfy any applicable withholding obligations with regard to all applicable Tax-Related Items by one or a combination of the following:

1. withholding from the Participant's wages or other cash compensation paid to the Participant by the Corporation or the Employer; or

2. withholding from proceeds of the sale of Shares acquired upon exercise of the Stock Option either through a voluntary sale or through a mandatory sale arranged by the Corporation (on the Participant's behalf pursuant to this authorization without further consent); or

3. withholding in Shares to be issued upon exercise of the Stock Option, provided, however, that if the Participant is a Section 16 officer of the Corporation under the Exchange Act, then the Corporation will withhold from proceeds of the sale of Shares upon the relevant tax withholding event, unless the use of such withholding method is problematic under applicable tax or securities law or has materially adverse accounting consequences, in which case, the obligation for Tax-Related Items will be satisfied by method (1) above.

(c) The Corporation may withhold or account for Tax-Related Items by considering applicable minimum statutory withholding rates or other applicable withholding rates in the Participant's country, including maximum applicable rates, in which case the Participant may receive a refund of any over-withheld amount in cash and will have no entitlement to the Common Stock equivalent. If the obligation for Tax-Related Items is satisfied by withholding in Shares, for tax purposes, the Participant is deemed to have been issued the full number of Shares subject to the exercised Stock Option, notwithstanding that a number of the Shares are held back solely for the purpose of paying the Tax-Related Items.

(d) Finally, the Participant agrees to pay to the Corporation or the Employer any amount of Tax-Related Items that the Corporation or the Employer may be required to withhold as a result of the Participant's participation in the Plan that cannot be satisfied by the means previously described. The obligations of the Corporation under this Agreement shall be
conditioned on compliance by the Participant with this Section 5. The Corporation may refuse to issue or deliver the Shares or the proceeds of the sale of Shares if the Participant fails to comply with his or her obligations in connection with the Tax-Related Items as described in this Section 5.

6. **Other Restrictions**

(a) The Participant acknowledges that the Participant is subject to the Corporation's policies regarding compliance with securities laws, including but not limited to its Securities Trading Policy (as in effect from time to time and any successor policies), and, pursuant to these policies, the Participant may be prohibited from selling Shares issued upon the exercise of any stock option other than during an open trading window.

(b) The Participant acknowledges that the Participant may be subject to stock ownership guidelines and/or clawback policies applicable to certain senior executives of the Corporation as in effect from time to time, and the Stock Options and this Agreement shall constitute good and valuable consideration for such acknowledgment and agreement.

(c) The Participant acknowledges that he or she may be subject to insider trading restrictions and/or market abuse laws in applicable jurisdictions, including the United States and, if different, the Participant's country, the Agent's country and/or the country where Shares are listed, which may affect the Participant's ability to directly or indirectly, for him- or herself or for a third party, accept or otherwise acquire, or sell, attempt to sell or otherwise dispose of, Shares or rights to Shares (e.g., the Stock Option) under the Plan during such times as the Participant is considered to have "inside information" regarding the Corporation (as defined by the laws or regulations in the applicable jurisdiction) or the trade in Shares or the trade in rights to Shares under the Plan. Local insider trading laws and regulations may prohibit the cancellation or amendment of orders the Participant places before he or she possessed inside information. Furthermore, the Participant could be prohibited from (1) disclosing the inside information to any third party (other than on a "need to know" basis) and (2) "tipping" third parties or otherwise causing them to buy or sell securities; keeping in mind that the term "third parties" includes fellow employees. Any restrictions under these laws or regulations are separate from and in addition to the restrictions imposed under the Corporation's Securities Trading Policy or other insider trading policy. The Participant further acknowledges that it is the Participant’s responsibility to comply with any applicable restrictions and that the Participant should speak to a personal legal advisor on this matter.

(d) Notwithstanding any other terms and conditions of the Plan or this Agreement, unless there is an available exemption from any registration, qualification or other legal requirement applicable to the Shares, the Corporation shall not be required to deliver any Shares issuable upon exercise of the Stock Option prior to the completion of any registration or qualification of the Shares under any U.S. or non-U.S. local, state or federal securities, exchange control or other law, or under rulings or regulations of the Commission or of any other governmental regulatory body, or prior to obtaining any approval or other clearance from any local, state, federal or foreign governmental agency, which registration, qualification or approval the Corporation shall, in its absolute discretion, deem necessary or advisable. The Participant understands that the Corporation is under no obligation to register or qualify the Shares with the Commission or any state or non-U.S. securities commission or to seek approval or clearance from any governmental authority for the issuance or sale of the Shares. Further, the Participant agrees that the Corporation shall have unilateral authority to amend the Plan and the Agreement without the

(2) neither the Corporation, the Employer nor any other Subsidiary or Affiliate will be liable for any foreign exchange rate fluctuation between the Participant's local currency and the United States Dollar that may affect the value of the Stock Option or of any amounts due to the Participant pursuant to the exercise of the Stock Option or the subsequent sale of any Shares acquired upon exercise.

(8) subject to applicable law, any other purposes set out in this Agreement.

(b) The Participant understands and acknowledges that the Group holds, or may hold, certain personal data about him or her, including, but not limited to, his or her name, home address and telephone number, email address, date of birth, social insurance, passport or other identification number, salary, nationality, job title, any Shares or directorships held in the Corporation, details of all Awards or any other entitlements to Shares or equivalent benefits awarded, cancelled, purchased, exercised, vested, unvested or outstanding in the Participant's favor ("Data"), for the purpose of implementing, administering and managing the Plan.

(c) The Participant understands, acknowledges and agrees that Data may be transferred to Morgan Stanley, or such other stock plan service provider as may be selected by the Corporation in the future, which is assisting the Corporation with the implementation, administration and management of the Plan, that these recipients may be located in the United States, the Participant's country of residence or elsewhere, and that the recipient's country may have different data privacy laws and protections to those of the Participant's country. If the Participant does not consent, or if the Participant later seeks to revoke his or her consent, the Participant’s employment or other service with the Employer will not be affected; the only consequence of refusing or withdrawing the Participant’s consent is that the Corporation would not be able to grant stock options or other Awards to the Participant or administer or maintain such Awards. Therefore, the Participant understands that refusing or withdrawing his or her consent may affect his or her ability to participate in the Plan. For more information on the consequences of refusal to consent or withdrawal of consent, the Participant may contact the local human resources representative.

(e) Finally, the Participant agrees, upon request of the Corporation or the Employer, to provide a separate executed data privacy consent form (or any other agreements or consents that may be required by the Corporation and/or the Employer) that the Corporation and/or the Employer may deem necessary to be obtained from the Participant for the purpose of administering participation in the Plan in compliance with the data privacy laws in Participant’s country, either now or in the future. The Participant understands and agrees that he or she will not be able to participate in the Plan if he or she fails to provide any such consent or agreement requested by the Corporation and/or the Employer.

16. **Choice of Language**

The Participant acknowledges and represents that he or she is proficient in the English language and understands the terms of this Agreement and any other document related to the Plan. If the Participant has received this Agreement and/or any other document related to the Plan translated into a language other than English and if the meaning of the translated version is different than the English version in any way, the English version will control.

17. **Electronic Delivery and Acceptance**
(a) The Corporation may, in its sole discretion, decide to deliver any documents related to the Stock Option awarded under, and participation in, the Plan or future options that may be awarded under the Plan by electronic means or to request the Participant's consent to participate in the Plan by electronic means. (b) Electronic acceptance of this Agreement pursuant to the Corporation's instructions to the Participant (including through an online acceptance process managed by the Agent or Corporation or another third party designated by the Corporation) shall constitute execution of the Agreement by the Participant.

18. **Appendix**

Notwithstanding any terms and conditions in this Stock Option Agreement, the Stock Option shall be subject to any special terms and conditions set forth in any Appendix for the Participant's country. Moreover, if the Participant relocates to one of the countries included in the Appendix, the special terms and conditions for such country will apply to the Participant, to the extent the Corporation determines that the application of such terms and conditions is necessary or advisable for legal or administrative reasons. The Appendix constitutes part of this Stock Option Agreement.

19. **Imposition of Other Requirements.**

The Corporation reserves the right to impose other requirements on the Participant's participation in the Plan, on the Stock Option and on any Shares acquired under the Plan, to the extent the Corporation determines it is necessary or advisable for legal or administrative reasons, and to require the Participant to sign any additional agreements or undertakings that may be necessary to accomplish the foregoing.

21. **Foreign Asset / Account Reporting Requirements, Exchange Controls.**

STOCK OPTION AGREEMENT

Capitalized terms used but not defined herein shall have the meanings ascribed to them in the Plan and/or the Stock Option Agreement to which this Appendix is attached.

Terms and Conditions

This Appendix includes additional terms and conditions that govern the Stock Option granted to the Participant under the Plan if the Participant resides and/or works in one of the countries listed below.

If the Participant is a citizen or resident of a country other than the one in which he or she is currently working and/or residing, transfers to another country after the Grant Date or is considered a resident of another country for local law purposes, the Corporation shall, in its discretion, determine the extent to which the special terms and conditions contained herein shall be applicable to the Participant.

Notifications

This Appendix also includes information regarding exchange controls and certain other issues of which the Participant should be aware with respect to the Participant's participation in the Plan. The information is based on the securities, exchange control and other laws in effect in the respective countries as of February 2018. Such laws are often complex and change frequently. As a result, the Corporation strongly recommends that the Participant not rely on the information noted herein as the only source of information relating to the consequences of the Participant's participation in the Plan because the information may be out of date by the time the Participant exercises the Stock Option or sells the Shares acquired under the Plan.

In addition, the information contained in this Appendix is general in nature and may not apply to the Participant's particular situation, and the Corporation is not in a position to assure the Participant of any particular result. Accordingly, the Participant is advised to seek appropriate professional advice as to how the applicable laws in his or her country may apply to his or her situation.

Finally, the Participant understands that if he or she is a citizen or resident of a country other than the one in which he or she is currently residing and/or working, transfers to another country after the Grant Date, or is considered a resident of another country for local law purposes, the notifications contained herein may not be applicable to the Participant in the same manner.

Terms and Conditions

Nature of Award. This provision supplements Section 7 ("Nature of Award") of the Stock Option Agreement:

In accepting the Stock Option, the Participant acknowledges and agrees that the Stock Option is granted by the Corporation (not the Employer) in its sole discretion and that the value of the Stock Option or any Shares acquired under the Plan shall not constitute salary or wages for any purpose under Argentine labor law, including, but not limited to, the calculation of (i) any labor benefits including, but not limited to, vacation pay, thirteenth salary, compensation in lieu of notice, annual bonus, disability, and leave of absence payments, etc., or (ii) any termination or severance indemnities or similar payments.

If, notwithstanding the foregoing, any benefits under the Plan are considered for purposes of calculating any termination or severance indemnities under Argentine labor law, the Participant acknowledges and agrees that such benefits shall not accrue more frequently than on an annual basis.

Notifications

Securities Law Notification. Neither the Stock Option nor the underlying Shares are publicly offered or listed on any stock exchange in Argentina and, as a result, have not been and will not be registered with the Argentine Securities Commission (Comisión Nacional de Valores, “CNV”). The offer is private and not subject to the supervision of any Argentine governmental authority. Neither this nor any other offering material related to the Stock Option nor the underlying Shares may be utilized in connection with any general offering to the public in Argentina. Argentine residents who acquire Shares under the Plan do so according to the terms of a private offering made from outside Argentina.

Exchange Control Notification. Depending upon the method of exercise chosen for the Stock Option, the Participant may be subject to restrictions with respect to the purchase and/or transfer of U.S. dollars pursuant to Argentine currency exchange regulations. The Corporation reserves the right to restrict the methods of exercise if required under Argentine law.

Exchange control regulations in Argentina are subject to frequent change. It is the Participant's responsibility to comply with any and all Argentine currency exchange restrictions, approvals, and reporting requirements in connection with the Stock Option. The Participant should consult a personal legal advisor to ensure compliance with the applicable requirements.

Foreign Asset/Account Reporting Notification. If the Participant is an Argentine tax resident, the Participant must report any Shares acquired under the Plan and held by the Participant on December 31 of each year on his or her annual tax return for that year. The Participant should consult a personal legal advisor to ensure compliance with the applicable requirements.

AUSTRALIA

Terms and Conditions

Australia Offer Document. The offer of the Stock Option is intended to comply with the provisions of the Corporations Act 2001, Australian Securities & Investments Commission ("ASIC") Regulatory Guide 49 and ASIC Class Order CO 14/1000. Additional details are set forth in the Offer Document for the offer of
Stock Options to Australian Resident Participants, which will be provided to the Participant with this Agreement.

Notifications

Tax Notification. The Plan is a plan to which Subdivision 83A-C of the Income Tax Assessment Act 1997 (Cth) applies (subject to conditions in the Act).

Exchange Control Notification. Exchange control reporting is required for cash transactions exceeding AUD10,000 and for international fund transfers. If an Australian bank is assisting with the transaction, the bank will file the report on behalf of the Participant.

BELGIUM

Terms and Conditions

Timing of Acceptance. In order to satisfy the requirements for taxation of options at the time of exercise under the current interpretation of the Belgian Minister of Finance, the Participant agrees that he or she will not accept the Stock Option earlier than 61 days after the "offer date." The offer date is the date on which the material terms (i.e., the Grant Price, vesting schedule and number of Shares subject to the Stock Option) are communicated to the Participant by the Corporation. Notwithstanding that the offer cannot be accepted during this initial 60-day period, the offer nonetheless will be deemed to be made on the offer date. To ensure compliance with this provision, the Agreement likely will not be provided to the Participant until after the initial 60-day period has passed.

Notifications

Foreign Asset/Account Reporting Notification. Belgian residents are required to report any securities held (including Shares) or bank accounts opened outside Belgium in their annual tax return. In a separate report, Belgian residents are required to provide the National Bank of Belgium with the account details of any such foreign accounts (including the account number, bank name and country in which such account was opened). The forms to complete this report are available on the National Bank of Belgium website.

Stock Exchange Tax Notification. A stock exchange tax applies to transactions executed by a Belgian resident through a non-Belgian financial intermediary, such as a U.S. broker. The stock exchange tax likely will not apply when the Stock Option is exercised, but likely will apply when Shares are sold. The Participant should consult with a personal tax or financial advisor for additional details on the Participant's obligations with respect to the stock exchange tax.

Asset Tax Notification. Belgian resident individuals may be subject to tax on security accounts if the total average annual value of securities (e.g., Shares) held exceeds EUR500,000.

BRAZIL

Terms and Conditions

Compliance with the Law. By accepting the Stock Option, the Participant acknowledges his or her agreement to comply with applicable Brazilian laws and to pay any and all applicable Tax-Related Items.
Nature of Award. This provision supplements Section 7 ("Nature of Award") of the Stock Option Agreement:

By accepting the Stock Option, the Participant agrees that (i) the Participant is making an investment decision, (ii) he or she may only exercise the Stock Option if the vesting conditions are met, and (iii) the value of the underlying Shares is not fixed and may increase or decrease over the vesting and holding periods without compensation to the Participant.

Further, the Participant acknowledges and agrees that, for all legal purposes, (i) any benefits provided to the Participant under the Plan are unrelated to his or her employment or service; (ii) the Plan is not a part of the terms and conditions of the Participant's employment or service; and (iii) the income from the Participant's participation in the Plan, if any, is not part of his or her remuneration from employment or service.

Notifications

Exchange Control Notification. The Participant may be required to submit a declaration of assets and rights held outside Brazil to the Central Bank of Brazil. If the aggregate value of such assets and rights exceeds US$100,000, the declaration is required on an annual basis. If the aggregate value of such assets and rights exceeds US$100,000,000, the declaration is required on a quarterly basis. Assets and rights that must be reported include Shares acquired under the Plan. This requirement and the applicable thresholds are subject to change on an annual basis.

Tax on Financial Transaction (IOF). Payments to foreign countries (including payment of the Grant Price) and the repatriation of funds into Brazil and the conversion between the Brazilian Real and the United States Dollar associated with such fund transfers may be subject to the IOF (i.e., tax on financial transactions). The Participant is solely responsible for complying with any applicable IOF arising from the Participant's participation in the Plan. The Participant should consult with a personal tax advisor for additional details.

CANADA

Terms and Conditions

Method of Exercise. Notwithstanding Sections 5(g)(i) and (ii) of the Plan, the Participant is not permitted to pay the Grant Price with previously-owned Shares or with Shares to be issued upon exercise of the Stock Option.

Termination of Employment. The following provision supplements Section 2 ("Termination of Employment") of the Stock Option Agreement:

The Participant's Termination of Employment (regardless of the reason for such termination and whether or not later found to be invalid or in breach of employment laws in the jurisdiction where the Participant is employed or providing services, or the terms of the Participant's employment or service agreement, if any) will be deemed to have occurred as of the earliest of: (a) the date that the Participant's employment or service relationship with the Corporation or any of its Subsidiaries or Affiliates is terminated; (b) the date that the Participant receives notice of termination of the Participant's employment or service relationship; and (c) the date that the Participant is no longer actively providing services to the Corporation or any of its Subsidiaries or Affiliates, regardless of any notice period or period of pay in lieu
of such notice required under applicable employment law in the jurisdiction where the Participant is employed or providing services or the terms of the Participant's employment agreement, if any.

The following provisions apply to residents of Quebec:

**Data Privacy.** The following provision supplements Section 15 ("Data Privacy") of the Stock Option Agreement:

The Participant hereby authorizes the Corporation and the Corporation's representatives to discuss with and obtain all relevant information from all personnel, professional or non-professional, involved in the administration and operation of the Plan. The Participant further authorizes the Corporation, any Subsidiary or Affiliate, the Committee, and the Agent to disclose and discuss the Plan with their advisors and to record all relevant information and keep such information in the Participant's employee file.

**Language Consent.** The parties acknowledge that it is their express wish that this Agreement, as well as all documents, notices and legal proceedings entered into, given or instituted pursuant hereto or relating directly or indirectly hereto, be drawn up in English.

**Consentement Relatif à la Langue.** Les parties reconnaissent avoir expressément souhaité que la convention «Agrément» ainsi que tous les documents, avis et procédures judiciaires, éxécutés, donnés ou intentés en vertu de, ou lié, directement ou indirectement à la présente convention, soient rédigés en langue anglaise.

**Notifications**

**Securities Law Notification.** Shares acquired under the Plan may not be sold or otherwise disposed of within Canada. The Participant may sell the Shares acquired under the Plan only through Morgan Stanley or such other stock plan service provider selected by the Corporation in the future, provided the sale of Shares takes place outside of Canada through the facilities of a stock exchange on which the Shares are traded. The Shares are currently traded on the Nasdaq Global Select Market.

**Foreign Asset/Account Reporting Notification.** Specified foreign property, including shares and rights to receive shares (e.g., stock options, restricted stock units) of a non-Canadian company held by a Canadian resident must generally be reported annually on a Form T1135 (Foreign Income Verification Statement) if the total cost of the foreign property exceeds C$100,000 at any time during the year. Thus, the Stock Option must be reported (generally at a nil cost) if the C$100,000 cost threshold is exceeded because of other specified foreign property held by the Participant. When Shares are acquired, their cost generally is the adjusted cost base ("ACB") of the Shares. The ACB would ordinarily equal the fair market value of the Shares at the time of acquisition, but if the Participant owns other Shares, this ACB may have to be averaged with the ACB of the other Shares. The Participant should consult a personal tax advisor to ensure compliance with applicable reporting obligations.

**CHILE**

**Notifications**

**Securities Law Notification.** The offer of the Stock Option constitutes a private offering of securities in Chile effective as of the Grant Date. This offer of the Stock Option is made subject to general ruling N° 336 of the Chilean Commission for the Financial Market ("CMF"). The offer refers to securities not registered at the securities registry or at the foreign securities registry of the CMF, and, therefore, such
securities are not subject to oversight of the CMF. Given that the Stock Option is not registered in Chile, the Corporation is not required to provide public information about the Stock Option or the Shares in Chile. Unless the Stock Option and/or the Shares are registered with the CMF, a public offering of such securities cannot be made in Chile.

Información Bajo la Ley de Mercado de Valores. Esta oferta de la presente Opción constituye una oferta privada de valores en Chile y se inicia en la Fecha de la Concesión. Esta oferta de Opción se acoge a las disposiciones de la Norma de Carácter General N° 336 (“NCG 336”) de la Comisión para el Mercado (“CMF”). Esta oferta versa sobre valores no inscritos en el Registro de Valores o en el Registro de Valores Extranjeros que lleva la CMF, por lo que tales valores no están sujetos a la fiscalización de ésta. Por tratarse la Opción no registrados en Chile, no existe obligación por parte de la Corporación de entregar en Chile información pública respecto de la Opción or sus Acciones. Estos Valores no podrán ser objeto de oferta pública en Chile mientras no sean inscritos en el Registro de Valores correspondiente.

Exchange Control and Tax Notification. The Participant is not required to repatriate proceeds obtained from the sale of Shares or from dividends to Chile; however, if the Participant decides to repatriate proceeds from the sale of Shares and/or dividends and the amount of the proceeds to be repatriated exceeds US$10,000, the Participant must effect such repatriation through the Formal Exchange Market (i.e., a commercial bank or registered foreign exchange office). In such case, the Participant must report the payment to the commercial bank or registered foreign exchange office receiving the funds.

Further, if the value of the Participant's aggregate investments held outside of Chile exceeds US$5,000,000 (including the value of Shares acquired under the Plan), the Participant must report the status of such investments annually to the Central Bank using Annex 3.1 of Chapter XII of the Foreign Exchange Regulations.

Foreign Asset/Account Reporting Notification. Chilean taxpayers are required to inform the Chilean Internal Revenue Service (the "CIRS") annually of (i) the results of investments held abroad, and (ii) any taxes paid abroad which will be used as credit against Chilean income tax. The Form 1929 disclosing this information (and which replaced Forms 1851 and 1853 effective June 30, 2017) must be submitted electronically through the CIRS website before March 15 of each year: www.sii.cl. Chilean taxpayers who fail to meet these requirements may be ineligible to receive certain foreign tax credits.

COLOMBIA

Terms and Conditions

Labor Law Acknowledgement. This provision supplements the acknowledgement contained in Section 7 ("Nature of Award") of the Stock Option Agreement:

Pursuant to Article 128 of the Colombian Labor Code, the Plan and related benefits do not constitute a component of the Participant's "salary" for any legal purpose. Therefore, the Stock Option and related benefits will not be included and/or considered for purposes of calculating any labor benefits, including legal/fringe benefits, vacations, indemnities, payroll taxes, social insurance contributions and/or any other labor-related amount which may be payable.

Notifications
Securities Law Notification. The Shares are not and will not be registered with the Colombian registry of publicly traded securities (Registro Nacional de Valores y Emisores) and therefore the Shares may not be offered to the public in Colombia. Nothing in the Agreement should be construed as making a public offer of securities in Colombia.

Exchange Control Notification. Investments in assets located outside of Colombia (including the Shares) are subject to registration with the Central Bank (Banco de la República) if the aggregate value of such investments is US$500,000 or more (as of December 31 of the applicable calendar year). Further, upon the sale of any Shares that have been registered with the Central Bank, the registration must be cancelled by March 31 of the year following the sale. The Participant may be subject to fines for failing to cancel such registration.

Foreign Asset/Account Reporting Notification. An annual informative return must be filed with the Colombian Tax Office detailing any assets held abroad (including Shares acquired under the Plan). If the individual value of any of these assets exceeds a certain threshold, each asset must be described in detail, including the jurisdiction in which it is located, its nature and its value.

It is solely the Participant's responsibility to comply with any Czech exchange control laws.

The Participant hereby explicitly, voluntarily and unambiguously consents to the collection, use and transfer, in electronic or other form, of his or her personal data described herein and any other Plan grant materials by and among, as applicable, the Employer, the Corporation and any Subsidiary or Affiliate in the implementation, administration and management of the Participant's participation in the Plan.

The Participant may have previously provided the Corporation and the Employer with, and the Corporation and the Employer may hold, certain personal information about the Participant, including, but not limited to, the Participant's name, home address and telephone number, email address, date of birth, social insurance, passport or other identification number, salary, nationality, job...
The Participant also authorizes any transfer of Data, as may be required, to Morgan Stanley or such stock plan service provider as may be designated by the Corporation in the future, which is assisting the Corporation with the implementation, administration and management of the Plan and/or with whom any Shares acquired upon settlement of the Stock Option are deposited (the “Designated Broker”). The Corporation and/or the Employer also may disclose Data to any third party in connection with any actual or prospective restructuring, sale or acquisition of the Corporation, any of its Affiliates or Subsidiaries, or the Employer (collectively, the “Group”), or any assets of the Group. The Participant acknowledges that these recipients may be located in his or her country or elsewhere, and that the recipient’s country may have different data privacy laws and protections than his or her country, which may not give the same level of protection to Data. The Participant understands that he or she may request a list with the names and addresses of any potential recipients of Data by contacting the Participant’s local human resources representative. The Participant authorizes the Corporation, the Designated Broker and any other possible recipients which may assist the Corporation (presently or in the future) with implementing, administering and managing the Participant’s participation in the Plan to receive, possess, use, retain and transfer Data, in electronic or other form, for the sole purpose of implementing, administering and managing the Participant’s participation in the Plan, including any requisite transfer of such Data to the Agent or other third party with whom the Participant may elect to deposit any Shares acquired upon exercise of the Stock Option. The Participant understands that Data will be held only as long as is necessary to implement, administer and manage his or her participation in the Plan. The Participant understands that the Participant may, at any time, view Data, request additional information about the storage and processing of Data, require any necessary amendments to Data or refuse or withdraw the consents herein, in any case, without cost, by contacting in writing Expedia Group, Inc., c/o the Expedia Group Stock Team, 333 108th Avenue NE, Bellevue WA, 98004, U.S.A., or via email at Stock@expedia.com. Further, the Participant understands that the Participant is providing the consents herein on a purely voluntary basis. If the Participant does not consent, or if the Participant later seeks to revoke his or her consent, his or her employment status or service with the Employer will not be affected; the only consequence of refusing or withdrawing his or her consent is that the Corporation would not be able to grant future Stock Options or other equity awards to the Participant or administer or maintain such awards. Therefore, the Participant understands that refusing or withdrawing his or her consent may affect his or her ability to participate in the Plan. For more information on the consequences of his or her refusal to consent or withdrawal of consent, the Participant understands that the Participant may contact his or her local human resources representative.

L. de C.V. or Orbitz Mexico Services S. de R.L. de C.V., as applicable (“Expedia Mexico”). Based on the foregoing, the Participant expressly recognizes that the Plan and the benefits that he or she may derive from participating in the Plan do not establish any rights between the Participant and the employer, Expedia Mexico, and do not form part of the employment conditions and/or benefits provided by Expedia Mexico, and any modification of the Plan or its termination shall not constitute a change or impairment of the terms and conditions of the Participant's employment.

The usual rules do not apply to this offer because it is made under an employee share scheme. As a result, the Participant may not be given all the information usually required. The Participant will also have fewer other legal protections for this investment.

The Participant should ask questions, read all documents carefully, and seek independent financial advice before committing him- or herself.

In addition, the Participant is hereby notified that the documents listed below are available for review on the Corporation's "Investor Relations" website at http://ir.expediainc.com/index.cfm, and through the Participant's online Morgan Stanley account:

RUSSIA

Terms and Conditions

U.S. Transaction. The Participant understands that the acceptance of the Stock Option (including through an online acceptance process managed by the Agent or Corporation or another third party designated by the Corporation) results in an agreement between the Participant and the Corporation completed in the United States and that the Agreement is governed by the laws of the State of Delaware, without giving effect to the conflict of law principles thereof.

Method of Exercise. This provision supplements Section 1 ("Award, Vesting and Exercise of the Stock Option") of the Stock Option Agreement:

The Participant agrees that, should the Corporation determine, in its sole discretion, that it is necessary or advisable under local law, the Participant may be required to pay the Grant Price for any Shares subject to the Stock Option by a cashless sell-all exercise, such that any Shares to be issued to the Participant will be sold immediately in a same-day sale transaction. The Participant agrees that the Corporation is authorized to instruct its designated broker to assist with the mandatory sale of such Shares (on the Participant's behalf pursuant to this authorization) and the Participant expressly authorizes the Corporation's designated broker to complete the sale of such Shares. The Participant acknowledges that the Corporation's designated broker is under no obligation to arrange for the sale of the Shares at any particular price. If applicable, upon the sale of the Shares, the cash proceeds from the sale, less any brokerage fees or commissions and subject to the Corporation's obligations, if any, to satisfy Tax-Related Items, will be remitted to the Participant. The Corporation reserves the right, in its sole discretion, to permit other methods of exercise.

Further, the Participant acknowledges that he or she is not aware of any material nonpublic information with respect to the Corporation or any securities of the Corporation as of the Grant Date.

Securities Law Acknowledgement. The Participant acknowledges that the Stock Option, the Agreement, the Plan and all other materials the Participant may receive regarding participation in the Plan do not constitute advertising or an offering of securities in Russia. The Shares acquired pursuant to the Plan have not and will not be registered in Russia nor admitted for listing on any Russian exchange for trading.
within Russia, and therefore, neither the Stock Option nor the Shares may be used for offering or public or private circulation in Russia. The Participant acknowledges that he or she may hold Shares acquired upon exercise of the Stock Option in the Participant's account with the Corporation's third party broker/administrator in the United States. However, in no event will Shares issued to the Participant under the Plan be delivered to Participant in Russia. Further, the Participant is not permitted to sell or otherwise dispose of Shares directly to other Russian individuals.

Data Privacy and Transfer. This provision supplements Section 15 (“Data Privacy”) of the Stock Option Agreement:

The Participant understands and agrees that he or she must complete and return a Consent to Processing of Personal Data (the “Consent”) form to the Corporation. Further, the Participant understands and agrees that if the Participant does not complete and return a Consent to the Corporation, it will not be able to grant the Stock Option or other awards to the Participant or administer or maintain such awards. Therefore, the Participant understands that refusing to complete a Consent or withdrawing his or her Consent may affect the Participant's ability to participate in the Plan.

Notifications

Exchange Control Notification. The Participant may be subject to exchange control restrictions and repatriation requirements in Russia. Proceeds from the sale of Shares and any cash dividends paid on the Shares can be remitted directly to a foreign individual bank account (in countries belonging to the Organization for Economic Cooperation and Development (“OECD”) or the Financial Action Task Force (“FATF”)). The Participant should consult his or her personal legal advisor before exercising Stock Options, before selling Shares and before remitting any sale proceeds to Russia, as significant sanctions for violations of the Russian currency control laws may apply. These requirements are subject to change at any time, often without notice.

Foreign Asset/Account Reporting Notification. The Russian tax authorities must be notified within one month of the opening or closing of a foreign bank account, or of a change in foreign bank account details. Reports of the transactions and balances of foreign bank accounts must also be filed with the Russian tax authorities each year.

Anti-corruption laws prohibit certain public servants, their spouses and their dependent children from owning any foreign source financial instruments (e.g., shares of foreign companies such as the Corporation). Accordingly, the Participant should inform the Corporation if the Participant is covered by these laws because the Participant may not hold Shares acquired under the Plan.

SINGAPORE

Restriction on Sale of Shares. To the extent the Stock Option vests within six months of the Grant Date, the Participant may not dispose of the Shares acquired pursuant to the exercise of the Stock Option, or otherwise offer the Shares to the public, prior to the six-month anniversary of the Grant Date, unless such sale or offer is made pursuant to the exemptions under Part XIII Division (1) Subdivision (4) (other than
section 280) of the Securities and Futures Act (Chap. 289, 2006 Ed.) ("SFA") and in accordance with the conditions of any other applicable provision of the SFA.

Notifications

Securities Law Notification. The Stock Option is being granted pursuant to the "Qualifying Person" exemption under section 273(1)(f) of the SFA, is exempt from the prospectus and registration requirements under the SFA and is not made with a view to the Stock Option or the underlying Shares being subsequently offered for sale to any other party. These notification requirements apply regardless of whether the CEO or directors are residents of or employed in Singapore.

SOUTH AFRICA

Terms and Conditions

Taxes. The following provision supplements Section 5 of the Stock Option Agreement:

By accepting the Stock Option, the Participant agrees that, immediately upon exercise of the Stock Option, the Participant will notify the Employer of the amount of any gain realized at exercise. The Participant will be solely responsible for paying any difference between the actual liability for Tax-Related Items and the amount withheld.

Tax Clearance Certificate for Cash Exercises. If the Participant exercises the Stock Option by a cash exercise, the Participant may be required to obtain and provide to the Employer, or any third party designated by the Employer or the Corporation, a Tax Clearance Certificate (with respect to Foreign Investments) bearing the official stamp and signature of the Exchange Control Department of the South African Revenue Service ("SARS"). The Participant must renew this Tax Clearance Certificate every twelve months, or in such other period as may be required by the SARS. If the Participant exercises the Stock Option by a cashless exercise whereby no funds are remitted offshore for the purchase of Shares, no Tax Clearance Certificate is required.

Deemed Acceptance of Stock Option. Pursuant to Section 96 of Companies Act 71 of 2008 (the "Companies Act"), the Stock Option offer must be finalized within six months following the date the offer is communicated to the Participant. If the Participant does not want to accept the Stock Option, the Participant is required to decline the Stock Option no later than six months following the date the offer is communicated to the Participant. If the Participant does not reject the Stock Option within six months following the date the offer is communicated to the Participant, the Participant will be deemed to accept the Stock Option.

Notifications
Securities Notification. Neither the Stock Options nor the underlying Shares shall be publicly offered or listed on any stock exchange in South Africa. The offer is intended to be private pursuant to Section 96 of the Companies Act and is not subject to the supervision of any South African governmental authority.

Exchange Control Notification. Under current South African exchange control policy, if the Participant is a South African resident, the Participant may invest a maximum of ZAR11,000,000 per annum in offshore investments, including in Shares. The first ZAR1,000,000 annual discretionary allowance requires no prior authorization. The next ZAR10,000,000 requires tax clearance. This limit does not apply to non-resident employees. It is the Participant's responsibility to ensure that he or she does not exceed this limit and obtains the necessary tax clearance for remittances exceeding ZAR1,000,000. This limit is a cumulative allowance; therefore, the Participant's ability to remit funds for a cash exercise will be reduced if the Participant's foreign investment limit is utilized to make a transfer of funds offshore that is unrelated to the Plan. If the ZAR11,000,000 limit will be exceeded as a result of an exercise, the Participant may still participate in the Plan and exercise his or her Stock Option, however he or she will be required to immediately sell the Shares acquired at exercise and repatriate the proceeds to South Africa. If the ZAR11,000,000 limit is not exceeded, the Participant will not be required to immediately repatriate the sale proceeds to South Africa.

Because exchange control regulations are subject to frequent change, sometimes without notice, the Participant should consult his or her personal legal advisor prior to the exercise of the Stock Option to ensure compliance with current regulations. The Participant is solely responsible for ensuring compliance with all exchange control laws in South Africa.

SOUTH KOREA

Notifications

Exchange Control Notification. For transactions that occurred before July 18, 2017, if a Korean resident realizes US$500,000 or more from the sale of Shares or the receipt of any dividends in a single transaction, he or she must repatriate the proceeds to Korea within three years of the sale or receipt. The Participant should consult a personal legal advisor to determine whether this repatriation requirement applies to any particular transaction.

Foreign Asset/Account Reporting Notification. Korean residents must declare all foreign financial accounts (e.g., non-Korean bank accounts, brokerage accounts) to the Korean tax authority and file a report with respect to such accounts if the monthly balance of such accounts exceeds KRW 1 billion (or an equivalent amount in foreign currency) on any month-end date during the calendar year.

SPAIN

Terms and Conditions

Nature of Award. This provision supplements Section 7 ("Nature of Award") of the Stock Option Agreement:

By accepting the Stock Option, the Participant consents to participation in the Plan and acknowledges that he or she has received a copy of the Plan.

The Participant understands that the Corporation has unilaterally, gratuitously and discretionally decided to grant the Stock Option under the Plan to individuals who may be Eligible Individuals throughout the
This decision is a limited decision that is entered into upon the express assumption and condition that any grant will not bind the Corporation or any of its Subsidiaries or Affiliates other than as expressly set forth in the Agreement. Consequently, the Participant understands that the Stock Option is granted on the assumption and condition that the Stock Option and any Shares issued upon exercise of the Stock Option are not a part of any employment or service contract (either with the Corporation or any of its Subsidiaries or Affiliates) and shall not be considered a mandatory benefit, salary for any purpose (including severance compensation) or any other right whatsoever.

Further, the Participant understands and agrees that, unless otherwise expressly provided for by the Corporation or set forth in the Plan or the Agreement, any unvested portion of the Stock Option will be cancelled without entitlement to any Shares underlying the Stock Option if the Participant's status as an Eligible Individual is terminated for any reason, including, but not limited to: resignation, retirement, disciplinary dismissal adjudged to be with cause, disciplinary dismissal adjudged or recognized to be without good cause (i.e., subject to a "despido improcedente"), material modification of the terms of employment under Article 41 of the Workers' Statute, relocation under Article 40 of the Workers' Statute, Article 50 of the Workers' Statute, or under Article 10.3 of Royal Decree 1382/1985. The Corporation, in its sole discretion, shall determine the date when the Participant's status as an Eligible Individual has terminated for purposes of the Stock Option.

In addition, the Participant understands that this grant would not be made to the Participant but for the assumptions and conditions referred to above; thus, the Participant acknowledges and freely accepts that, should any or all of the assumptions be mistaken or should any of the conditions not be met for any reason, then any grant of, or right to, the Stock Option shall be null and void.

Notifications

Securities Law Notification. No "offer of securities to the public," as defined under Spanish law, has taken place or will take place in the Spanish territory in connection with the grant of Stock Options under the Plan. Neither the Plan nor the Agreement (which includes this Appendix) have been nor will be registered with the Comisión Nacional del Mercado de Valores (Spanish Securities Exchange Commission), and they do not constitute a public offering prospectus.

Foreign Asset/Account Reporting Notification. Rights or assets held outside of Spain (e.g., Shares or cash held in a foreign bank or brokerage account) with a value in excess of €50,000 per type of right or asset (e.g., Shares, cash, etc.) as of December 31, must be reported on an annual tax return. After such rights and/or assets are initially reported, the reporting obligation will only apply for subsequent years if the value of any previously-reported rights or assets increases by more than €20,000. The reporting must be completed by the following March 31.

Share Reporting Requirement. The acquisition, ownership and disposition of shares in a foreign company (including Shares acquired under the Plan) must be declared for statistical purposes to the Dirección General de Comercio e Inversiones (the "DGCI"), the Bureau for Commerce and Investments, which is a department of the Ministry of Economy and Competitiveness. Generally, the declaration must be filed in January for Shares owned as of December 31 of each year; however, if the value of the Shares acquired or the amount of the sale proceeds exceeds €1,502,530, the declaration must be filed within one month of the acquisition or sale, as applicable. The Participant should consult with his or her personal advisor to determine his or her obligations in this respect.

A-25
Foreign Assets and Transaction Reporting. Any foreign accounts (including brokerage accounts held abroad), any foreign instruments (e.g., Shares) and any transactions with non-Spanish residents (including any payments of cash or Shares made to the Participant by the Corporation or a U.S. broker), may need to be declared electronically to the Bank of Spain if the balances in such accounts together with the value of such instruments as of December 31, or the volume of transactions with non-Spanish residents during the prior or current year, exceed €1,000,000. Once the €1,000,000 threshold has been surpassed in either respect, the Participant will generally be required to report all of his or her foreign accounts, foreign instruments and transactions with non-Spanish residents, even if the relevant threshold has not been crossed for an individual item. The Participant will generally only be required to report on an annual basis (by January 20 of each year); however, if the balances in the Participant’s foreign accounts together with value of his or her foreign instruments or the volume of transactions with non-Spanish residents exceed €100,000,000, more frequent reporting will be required.
